## SEAN RIKER SURVEY

Since 2009 I have written to thousands of attorneys, strangers and org's asking for help. And nobody ever does. I have never stopped and asked why. Why won't they help me?

Well, to my readers I would greatly appreciate it if you would take this survey and answer truthfully, but be nice. Seanie is sensitive:.)

And here we go:

Do you know me personally?

If yes, what is your name?

If no, do you know me thru media crap?

Why won't people help me?

Does the media spew bias into the U.S.?

Is the media the enemy of the state?

If the media says it, do you automatically believe it?

Do you think that my life should end? If yes, why?

If someone is guilty of numerous crimes in the past, is that person guilty of everything in the future? Just because someone says its true?

Does the media have too much power? If yes, how can they be brought under control?

Is there systemic corruption in every law enforcement agency?

Do ALL district attorneys lie to get their man/woman?

What do you know about me via rumor?

If you read something of mine where I ask for help, what exactly stops you from actually helping me? What exactly is the thing that sends you running away from me?

What can I do to improve myself and/or chances of receiving help on my wrongful conviction?

Do you believe that I am a victim of corruption? Explain your answer?

In your opinion, can women be manipulative and down-right evil?

Do you have The Shining? Will I die in prison?

You can answer here or snail mail me your answers here: Sean Riker 567232 Wisconsin Secure Program Facility, POB 189, Phoenix, MD. 21131

Thank you for taking the time. I am greatly appreciative.

Take care.
