Hi Lisa! - or - is it Liv? For the record my nick-
name is Will. THANK YOU! your reply was appreci-
ated. "It's not motivation to keep posting when
few or no one reply." I'm not comfortable - or -
liked at this prison which means I don't like
writing here - but, I post these for you:

Close kept: For Liv

For a trick of word; a turn of thoughts think
Smiles here to sun only for you as may -
To fall a time in-step entwining our ways,
a word of these words well-worth more than ink
To braid our paths 1-trail, this rides tips' brink
and souls enwrought platonic thus shall splay
To open up whole-hearted - ground lays
On solid foundation of Truth here writes
Like blown kisses wish to kiss untempted wet! -
Come!, how I'd be awkward w/out thee here
a lover who holds the poem attitude
For a trick of word! - She makes me poet
as mile! - I saw for her as best thy years
Will give me step-per-step thy words reboot -

Who's to Stop Us?—

When Love lets WE!, face-to-face unbinded
No restraint of word nor touch drawing nigh—
a kiss—a lick—then, nigher til both high
Who's to say no, when WE both lose and find
Ourselves in the other's bliss of binding—
Wound well around, what we've freed bears no sigh
Of distrust—or—discuss from burning by
at length and withering this closeness
Afore WE were emancipated touch—
When Love lets WE!, be as golden as love songs
Weilding us to brace a stay unbreached!
* Sometimes I want to touch you and be touched
To enter the no return of unwrong
And who's to stop us!, from feasting plum peach?—

More the Greater

More than a little lubricated by—
and-by, Love is by far great as Grand can
more than a play of words; trick of thoughts try
Those that love, as I! can relate firsthand
To extend ones self by-and-by at length
Partaking to elevate must be done—
I mean!, sober—or—not, I'd go in depth
Greater til Grand of strength, a must sum 1.
You love Her when you hold Her greater than
You!— Because, She is more the greater Grand,
Never the less: She is "Perfect"—and I!,
Because I am flawed, blue collar—but, can!—
I love Her, and hoist Her as Love's stern try
More the greater never the less is Grand!—
