

The people on TV are like the little dude on Paradise Island, but instead of "De Plane, De Plane", it ~~is~~  
~~is~~: "De Base, De Base!"

#DeBaseDeBase

It's not "Post-Roe", it's "Poest-Roe"

It's almost like they knew, isn't it? They knew that one day, everything would be turned up-side down, and people would be like "Post-Roe".

We were "Post-Roe" back in '73, or whenever it was decided. So, we're "Post-post Roe", now.
