

The Disparity of the Human Race

The popular subject we call social problems has a new definition, ~~is~~^{its} called being unequal in differences. I often thought it would be fair to say that adults can agree to disagree in be alright in the next five minutes. But what we are learning is the people of the nation, has voted some fire ants into our government. That don't want to play the game with a fair hand, it they called Republicans. It's not all of them, but some just want play fair. Time and time again we keep seeing that iron hand with force to do damage to our democracy.

So why not ousted them out for creating conflict on our Constitution. We as the American Citizen has right to freedom speech and peaceful protest. There is no law on the volume of speech. At least I never heard or seen in the law. But to see that we have a people problem with racism, devaluing each other, to be treated as uneducated because the person is black and to make people feel powerless when they are right. While the opposing party is wrong.

Tennessee House to vote on expelling 3 elected Democrats calling for gun control reform through protesting. Reminded me of the slavery days and ~~most~~ Martin Luther King march. How our people was always wrong but we was out for good of the people within the nation. How the whites tried to silence us by beating us and putting the black brown in jail for disorderly conduct. How they wouldn't allow us to use public bathroom and eat their restaurants. Because we wasn't worthy enough. When this happen Justice Jones and his ~~black~~ co-worker. I had a flashback of racism and the hatred against African American men.

When this happen to Gloria Johnson. How they told her to leave quietly. They would allow her to keep her

Health care gave me a sense that some Republican agreed with Donald Trump action toward Stormy. Cause it came out on the floor today. As well that women are not important them and a woman don't have rights in America. It showed the Stereotyping against women. ~~but both~~ By Mrs. Gloria being a teacher, I understood her grounds because femininity as a gender role, typically assigned to women that emphasized expressive nurturing behavior - She cares about children getting killed as result of guns.

for in the case of Justin Jones and his co-worker. I understand their role in the protest as well because they have what we called a androgyny. This is where a gender role distinguished by a combination of masculine and feminine characteristics. They rise up to the occasion in feminine way let their ~~supporter~~ supporters the children and parents know in a expressive, nurturing behavior to let them know I care about you and your family. They use masculinity - a gender role typically assigned to men, that emphasize Strength, competition, and logical thinking.

I believe the Republican ousted them ~~and~~ ousted them out the door because they knew too much and they was gleaming their light in the Tennessee House, as well expose them for who they really are. The two men was a competition threat to them. Cause they want to keep everything Red. But the red is being exposed that the ~~Reagan~~ Republican agrees fully with Donald J. Trump behavior. Cause their action reflected in their votes to ousted the blackness out and ~~try~~ try con & female.

Then insult these three Representative by saying their action was compared to January 6 insurrection. This what past successor Donald J. Trump did insult

people. I guess republican saying they agreed with everything Trump did on that day. But to say these three representative action was very outrageous and compare it January 04 insurrection was below the belt. & Number 1 neither one of the representative push their supporters come and attack the House of Tennessee. Nor did anyone get killed or hurt.

But however, because the Republican don't want to do nothing about the Gun reform because many are down with financial part of NRA. It's all about ~~the~~ dollars. People lives don't matter no more unless something happen to them as an individual. That's why it's so easy to ousted these two Representatives out.

Which these two ~~men~~ young men was saying why do we keep going around and around about this issue when innocent children and people are getting killed.

When the people voted these Republicans in that ousted these two young men out for ~~to~~ telling the truth. Each individual I know throwed gun control in their political campaign to get into these office. So what you all did is acknowledge that you just wanted the position but didn't care for the people who voted for you.

It's showed that ~~men~~ Masculinity through the wrong competition and aggression can put and keep putting our democracy in harms way. And may account for the fact that the shootings will keep coming because the Republican has shown they do not care.

If they did they could bring those two Representative back and work with them. As well the way they tried to bring shame before the public against the three Representative. They will go public by apologizing to them and working with them to pass the gun laws need to be pass.

We use church discipline to help keep the church pure and to help wayward people repent. But Satan tries to harm the church by tempting it to use discipline in an unforgiving way. This causes those ~~ex~~ exorcising disciplines to become proud of their purity, and it causes the person who is being disciplined to become bitter and perhaps leave the church entirely. We must remember that our purpose in discipline is to restore a person to the fellowship, not to destroy him or her. We must be cautious that personal anger ~~is~~ is not wanted under the guise of church discipline. What happened with this individual teachings that she was given?

When I seen this girl in that hallway I seen a beautiful broken little girl on the inside that was crying out for help that nobody knew how to help her. Somewhere in her life this spirit of confusion enter in, when she became oppressed by demons. What happened to this baby? Was she molested by a female? Something bad happened to this baby it was dealing with ministry. I didn't see her as someone who was mean in the spirit. This is why I want to help the youth that are troubled end up growing up into a troubled adult if not dealt with. Cause I once was that troubled child grew up into troubled adult that connect myself to wrong people and circumstances.
