SHADOWSCRIBE99@PAPYRUSCOLLECTIVE.BLOGGERS

Hey, connect this page to my
terminal annex & that new
media... something. The kid
wants me start the blog for
the Liegeprijs blog and the

resulting API feed was like cake.
Banner two entries. I'm still working
on the info you & shadowscribe shot
me. That's going to take time but, yes
I can handle it. Let me look to you
for getting the blog spot up & con

Nothing isn't good to any 1.

REPLYID

nvd i:

Give everyone my regards and be
more careful about what you send
me :) That's why I still do my own
encryption test to max it up, I
will get @ you when I'm done w/

that and complete what I'm work
on. WIZ is going to probably hit u
up. Make sure he know everything,
I'm going to open some channels for the
workflo, plus my gateway w/ the email
notification set to the filter code I copy-
pasted or else I won't work. :)
