

Hello viewers,

The Best Day of the year is right around the corner. How many December 30, 1974 people I have out there in the world. This is my birthday. I believe its special because originally I was suppose to be born on Christmas. But my mother said I decided to come five days earlier. Could you imagine getting birthday and christmas presents? I did, man brothers and sister usually get mad. She is always spoiled. On another hand, I had ~~about~~ five family members who was born on Christmas. Very awesome. Believe it or not I have met some people who had the same exact birthday as mines 12/30/74. I will be 49 years old this month. Do I feel older or younger. I say little bit of both. What I love about my birthday its a month of coziness, special familie gaters, travel, shopping, feasting, and going to special events.

For New Jersey, Philly and New Yorkers' Its a time for beautiful snow. I miss the snow. Many don't like the snow because it immobilized you from doing anything. I miss it. I remember being a teenager and my boyfriend was in the military. As a teenager I had a curfew. But when it snowed up I had every ~~see~~ reason to stay in my boyfriend Barrack's room on McGuire Air Force base in New ~~Jersey~~ Jersey. I loved hanging on the Fort Dix Army base as well. I had alot of mentors and friends on these bases. On my birthday I miss having Italian Pizza and a nice sheet cake from Publix. As well my dad taking me to the Burlington, Cherry Hill

And Morristown Malls. My dad would let us shop our ~~butts~~ butts off. Another place my dad use to take us to this Flea Market in Passaic, NJ. I love fashion so I would be the dopest in school and neighborhood. These are some of the things I love to do on my birthday and the month of December. Beside go clubbing in Philly and New Jersey.
