Subject: ATTENTION FEMALE PEN-PALS ONLY !

ATTENTION FEMALE PEN-PALS DO YOU WANT TO WRITE AND ENJOY, SAVOR YOUR LETTERS? WRITE ME.

I am looking for a pen-pal, she must love to write, writing anything and everything. She must also be a beautiful lady inside, if you know what I mean. I am looking to start a conversation on anything that can be talked about, perhaps we could teach one another something new. I am also tired of this prison loneliness. I am lonely, but not desperate about love. If were asked to introduce myself this is what I would write:

Dear Lady,

From the beginning of time...man pursuits the woman, and this is exactly what I am doing; I am looking for someone to write to, so we can see what we can do, on the "wings of words". Like Adam, I am searching for my Eve, "in Words": whose going to be an inspiration and the joys of my present life, it will be nice to hear the golden voice of a significant other over the phone, and to read her honeyed words in a letter. Do you believe that you can fall in love through writing in a letter? Then, this is for you. Because many people in prison have fallen in love this way, and this is the only way, this also has brought a lot of people untold happiness. Have you done this before?

If not, try it anyway, you'll enjoy it, it's fun. Psychiatrists suggest that "Writing your thoughts will help your progress into healing". If you write me, through these letters, we can be both reborn in spirit. When you have allowed yourself to become the indispensable in my life, you can fulfill these needs of mine, and I will eventually hope to fulfill yours too. So, write me soon, so we can begin this journey. I am a romantic poet, a writer; so if you want the fantasy of be written to, romantically, I am your man. Let me send you a poem. I am also fluent in French, the Love language
