Sound Mind Company

Incarcerated LGBTQIA+ Affirming Program

SOUND MIND COMPANY,
AUTONOMOUS LGBTQIA+ AFFIRMING & WELLNESS PROGRAM

THE MISSION:

To forge CDCR through a program addition transition, to create a different process and methodology of Rehabilitation programs and activities for the advancements specifically in area's of LGBTQIA+ perspective implementations towards attention to details in which ways are appropriate and effective to:

1. Provide adequate rehabilitative transitional resources in ;
Education, Recreation, Vocational, Mental Health, Social and Faith based programming.
2. Achievement of such adjustments in growth for this very unique demographic of resident population absent the current generalized Rehabilitation models often developed and administered by doctrines that exist antithetical to LGBTQIA+ Nature.

While the primary focus of affirmation and accountability remain, SMC program writers adhere to the Ethnographic, Cultural, Historical and Spiritual requirement's that are often nonexistent and not accessible to this marginalized and growing community.

The concept of creating, developing and existing within safe incarcerated environmental conditions for LGBTQIA+ residents can translate into lower recidivism rates after release.

When queer etiquette, gender intelligence, wellness activities and societal cultural nurturing of knowledge through peaceable assembly engagements become a matter of constructive agency, the LGBTQIA+ resident population are able to thrive towards becoming productive citizens of the World with confidence, and the ability to resurface as contributors, and not dependent's.

SOUND MIND STREAMER LGBTQIA+ Affirming Media Programs are themed specifically to spotlight specific cultural, and ethnographic video's from a uniquely Queer perspective, where incarcerated viewers can expect to find themselves, and their societal connectivity expanded Educationally, Spiritually, Recreationally and Parentally.

Through multimedia format's, SMS is designed to serve as an autonomous safe space environment, specifically during Holiday's and cultural important diverse observation months and event's that would otherwise be limited, or completely nonexistent due to the ever so hostile climate of incarceration for gender marginalized person's, and private expression communities.

The Innovative Rehabilitation programming of this all LGBTQIA+ Affirming Media experience is the historical first paradigm shift in transitional acclamations from incarceration to freedom as required by the most underserved demographic of incarcerated populations Nationwide.

SQNEWS Submission

Date: 1.25.24

Title: SOUND MIND STREAMER BANQUET

Author: Michael A. Lamb

On 1.25.24, the Nations 1st Condemned LGBTQIA+ Residents and Straight Allies Group titled The Sound Mind Company, held their Annual Interfaith Banquet, another historical 1st achievement.

The program was written by Condemned resident Floyd Smith in 1999, but after year's of delays, an unauthorized attempted replication, and COVID-19, the group was finally able to return to engage the creation of The SOUND MIND STREAMER, an Incarcerated LGBTQIA+ Affirming Rehabilitation Institution Television channel, and submission consideration into the Free app section as a part of the GTL Tablet program.

While 7 residents received Certificate's Of Participation, for the condemned Innovative Recreation and Wellness Media program development, SMC also recognized Michael "YOSHI" Nelson, an executive director at Restorative Justice, and Jarvis "Lady Jay" Clark, for their co-founding of the Original version of Acting With Compassion and Truth, the Nations 1st LGBTQIA+ Innovative Rehabilitation program for which Honorary Flower's were far overdue.

The Banquet location was held in a SQRC Hospital group room, due to the rooms being outfitted with single person management modules to prevent cross Unit, cross Exercise yard group pollination per Condemned Unit compatibility regulations.

Several residents spoke heartfelt Interfaith recitals, and poetic asides with ethnographic Type Beats playing in the background, while the keynote address was eloquently delivered by Transgender resident Ms. June Robinson.

Original music was performed by Gay R&B singer, songwriter, Parallaxboi.

SMC would like to thank the Warden, Lt. G. Berry PIO and Lt. B. Gardea CRM, for the opportunity, and consideration.

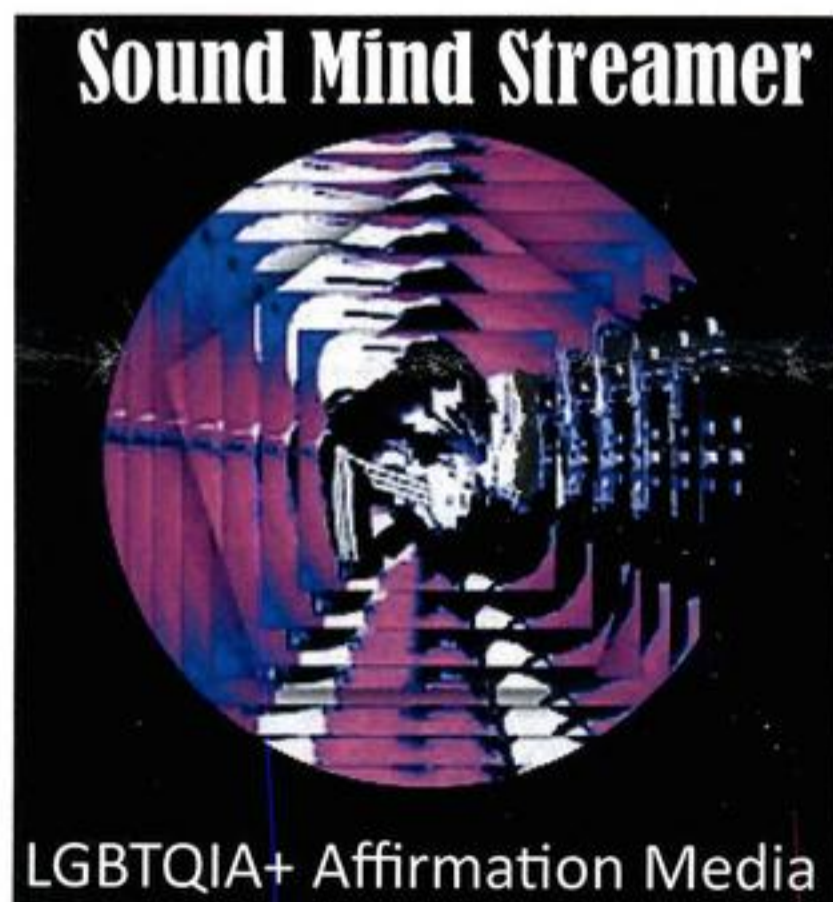

Flower's to all SMC volunteer's and supporter's.

In Memoriam:

Johnny "JOHNNY BOY" Avila
Sound Mind Company co-founder
Rest In Power

"The question is why not?"

The primary SMS content is rooted in education, queer presences in ancient history, social and economic autonomy, but also it provides a safe space to land for those who knowingly view it unhealthy to FORCE OUT anyone to have access to queer affirming rehabilitative programming, and moreover, ethnographically speaking, bombarding rehabilitation models that resemble seminarian theological dispositions that exist by doctrine alone antithetical to the phenomenon of homosexual nature and culture, can present as exacerbating to underlying childhood trauma, especially for a large "private expression community", and incredible PFLAG's like our co-founder Johnny Avila," as Smith relayed in his presentation.

MEAL ITEMS FOR EACH CONDEMNED PARTICIPANT:

SOUND MIND COMPANY
LGBTQIA+ INTERFAITH BANQUET MEALS:

2 McDonald's Big Mac Burger's
2 Sprite Soda's
1 Cheetos Chips
1 M&M's peanut candy pouch

11:06am, I received a message on my assigned GTL Tablet;

"At McDonald's now"

One of our community volunteers was in line ordering 30 Big Mac's, just day's after purchasing 30 M&M's Peanuts Candy bags, 30 Sprite & 7Up Soda's, and 30 Bags of Flamming Hot Cheetos.

I was pacing back and forth inside of an upper yard walk alone cage minutes later talking to Him as He sat outside of San Quentin Rehabilitation Center waiting to inter, and help distribute the meal's, when the Community Resource Manager Lt. Gardea and the Jewish Rabbi Paul Shleffar showed up stating He couldn't come inside SQRC due to unprocessed paperwork.

Lt. Gardea came outside and received my detailed meals distribution list, large plastic bag's, and then sent for an escort officer to bring me inside of unit East Block rotunda, where I found the food item's in total disarray.

Rabbi said, "I've already filled the order's for North-Segregation residents, as Lt. Gardea and another CRM filling bag's to half proportions.

B stopped by, as it was yard recall time, I could've used his help but he too was still in handcuffs, so I let him know his order was on its way to cell front.

Then, I noticed all of the other inmate's that disrespected passing by wide eyed, begging, and seething with venomous hatred realizing their plan to exclude Queer affirming activities had failed, and that we had our own autonomous programming and resources was probably the single most best moment I had ever experienced on Death row. :-)

I made sure it was known that item's was delivered to people that never campaigned against my community, and especially those who stood between me and utter disrespect throughout this journey, and when I discovered a bag was short item's I made sure that this thankful blessing was corrected on the spot, and some of these REAL MEN had no idea they had this thank you meal coming.
