

Continued Quest For Justice

Gail,

I just lost a long email I was sending you and requesting you send a copy of it to the television program the " View " ! So without getting into a song and dance - I will write a condensed version !

Over the many long years of my false imprisonment - I have tried to put all the pieces together to help explain why the attorneys mandated by law to provide me with diligent and zealous appellate representation haven't done so ! Especially since the evidence proving I was denied a fair and impartial trial is so blatantly obvious ! You have a copy of a motion to the courts, I was forced to file myself proving that ! What I knew from the start of this nightmare was that a white supremacist the victims father was doing everything possible to assure I would be convicted for the murder of his son ! It is no coincidence that the victims father had ties to a well known white supremacist with both being out of New Jersey, Realtors and based in Florida ...

Okay - why try to bring this to the attention of the View, well their station is tied to my case too - Oprah did a program on an attorney who happened to be the attorney that sold me out at my farce and mockery of a trial - he was overcoming a drug addiction ! And also a prominent reporter from the same station used his influence to bring about the vindication of his nephew for first degree murder out of the same court district and at the same time the evidence in my case was being oppressed and suppressed to prevent having two people convicted of first degree murder, pointing to the misconduct of the same detective to obtain a conviction by any means possible ...

There are just too many ties to white supremacy and their leader to be a coincidence - which should be news worthy and why the program the View is being placed on the spot by my posting this on my blog !

Take care Gail and keep dry - Milo
