

Please Print this: I am in search of a "land man" Back in 2021, I began to get in energy companies, telling me I am the heir to Mineral Rights for 15 properties in Raccoon Bend Field, Waller County and Austin...

Now I am seeking information on who owns these properties? if you know how I obtain, and find them please write me @ securustech.net

Also I was contacted by the Texas Comptroller's Public Accounts, in Austin sent pages containing 112 unclaimed properties, now they only have property #'s... NO description, size or where they are located, the operator is ENHANCED ENERGY PARTNERS CORP,

I'll share all info, but they told me it might not be properties, it might be other things, like trust fund accts, safe deposit boxes, or checks all in my name? But their telling me even though I'm a inmate, they say by ever

law & a code,

A governmental body is not required to accept or comply with a request for information from:

(2) an agent of that individual, other than that individual's attorney when the attorney is requesting info that is subject to disclosure under this chapter section 552.028 Tx public info Act as amended by the 76 legislature
