

Come what may

Now! all best wrong'd us strong - and many  
Move against us opposing w/ no fright!  
En will be of either - for we man  
Alone with jus' you and I - we're all right! -  
Against all odds! come what may, we'll go on;  
Her! with a hand-in-hand - to die together!  
Unconditional! come what may, so on  
More! the greater, never! the less entwines  
So 2-sump-1 derives always a way -  
We thrive! so where there's a will, there's a way  
Enabling able! we push great wend  
And thereby significant try, Love wind

# Forthright

We limp from the past, injured by lovers  
Needing a wheel chair in the future's crawl  
To keep a tear from the scar on the heart  
I bend towards possibilities, as if  
The boy once again on the bike peddles fast  
To trade alone for togetherness sure  
Begotten makin' out; makin' music;  
Makin' light bright; makin' kiss french-kiss twice  
Unfolding blossoms today, heals tomorrow  
Lovely as when Love does love no root  
Or junction upon it's beauty rich!  
Poof - no matter!, jus Love login' forthright -
