

Dawning

Who'd crawl into Dark Alone; into despair?—
Something in the Dawning may bear blessing
Over bearing; 2-overcome — We pair
*⁶ Bright as light begetting music! messing—
There are these perfect ethics — one must partake
To become as 2-sums — 1 accustomed
Getting up off one's knees!, and warming make
Into the Sun of us being no storm;
Less wintered weather! — and more the greater
He hold Her!, above and beyond being
Sole; singular — (unless w/you:) for greater;
Greatest!, to alleviate Dark Alone's thing—
Something in the Dawning summons us ease
The Blessed!, could blessings and pray for God's please—
