

Many Americans in the government and our society are living in hypocrisy and self righteous atmosphere!

The Americans and our government has the normalcy to practice the professing of beliefs, feelings or virtues that they does not hold or possess; falterers. We believe that when we break the law of the land. It said we are to pay the penalty for our choices. There lately I been feeling like that is only for certain people. like Hunter Biden, the Black Brown people, immigrants (illegal), some whites, etc. But what about Donald S. Trump, ~~that~~ he's too good to face his crimes. I am sadden to know that people rather elevate falsehood than the truth, he committed crimes. Everyone else that was connected to him, has suffered jobs lost, persecution, prison, lawsuits etc. Some has suffered multiple things. What about Trump who currently still raising millions of dollars even though he is facing multiple prosecutions. Was his peers that successful when they was facing prosecution for their crimes instead they nearly or lost everything. It's not fair for him to be a ~~candidate~~ candidate for the president seat. There was one other time I know a candidate to continue to run for a office while they was running for reelection of Sheriff position. If convicted felony cannot vote in some state or run for a political office or even work in the law enforcement.

for instance, Hunter Biden is being convicted because he was a convicted felony he lied on his application to purchase that gun. My whole problem with this, is the person who ran the background check, I want to bring that example to the forefront. In the prison system there are certain types of inmates can go outside the gate ~~that~~ to work. But before that happen those inmates has to have a background check. Sometimes it takes months before they are cleared to go. Everything is dealt with as precautionary practice to make sure they don't have pending charges. That should be the same for a background check for a gun. If the person who sold the gun to Hunter Biden did a real background check ~~thoroughly~~ thoroughly no gun would have ever made it to his hand. He might have lied on his application but no gun would have been in his possession because the background was done with precautionary.

This is bad faith evidence to me, two wrongs don't make it right. One is the store owner responsibility to thoroughly do precautionary check on the person's background. Second it is Hunter Biden's duty as a ~~citizen~~ citizen to be truthful on the application. I would reduce his ~~sent~~ sentence if I was the judge.

I would say this also shows it that Hunter Biden, any citizen, celebrity (yes) ~~been~~ being booked on tax invasion when it's been proven that Donald J. Trump has not paid taxes forever. People we want to be self-righteous - piously sure of one's own righteousness, moralistic. ~~Self-assurance~~ Self-assurance Donald J. Trump says I have done nothing wrong. His voters Donald J. Trump has not done nothing wrong - he should be president. But our dear TV friends set in a darn cell for tax invasion under harsh sentence, Todd Christley and his dear wife. I personally don't like this crap. If Donald J. Trump can go without paying taxes, why is other people serving harsh sentences and being prosecuted. This is a very hypocritical move Americans. Hunter Biden's charges ~~don't~~ doesn't have anything to do with him personally. It's all about Donald J. Trump conniving friends to get the President seat, once again only to terrorize certain types of people in the world, less fortunate, immigrants - which his wife is an immigrant, look how fast his in-laws was granted citizenship but everyone else that is trying to get citizenship will have a rough time; people who are on social security, welfare, SNAP, military and certain citizens will ~~have~~ live their worst nightmare. He gets back in the office.

Open your eyes people - you are blinded to the truth. There is no other way to see it. ~~Leave~~ The world is being hypocritical and self-righteous when it comes to President Biden. There should not be no room in this world for blindness of who Donald J. Trump are. Free the Christley ASAP, leave Hunter Biden alone, If Donald J. Trump don't have to pay taxes, why should anyone else be penalize.
