dear son ERIC ROYCE,

Hi, let me ask you a series of why's, what's, who's if I can in March of this year I've gotten 2 Blog messages from your son Conner but nothing from you asking questions why?

Conner states you have gotten Banned out again why? Conner even talks about when your step dad Don adopted you at age 7, he says at a young age, you were born 1982 I was going thru Capital trial in 1989, it wasn't allowed for me to contest it, because I was in a Criminal trial, and Adoption is Civil?

But years, decades later you had become what like me Eric curious see your mom & me lived on the same street in Houston Atwell dr. your mom was looking for her cat one early morning, she was then 12 or 13 yrs old, I was on my way to school, at Westbury, her cat name was Nigger... it made me smile she & I drove around the neighborhood, cats could be anywhere so later on I drove back home I

OUTR

2 Stopped to talk to her but her
elder brother which later was younger
Roger told me she wasn't home?

But it was years later she
wrapped my house its 10615 Atwell
drive... She was mad because I
didn't take her to my senior
prom this was 1978, she wasn't
even 14 yet?

Even today Eric I still think
of your mom she gave me you and
ask me anything I am an open book
