

WHO ARE THE ELDERLY IN OUR PRISONS?
THOSE HAS-BEEN BURNT OUT OLD CRIMINAL RELICS

YOU'RE A RELIC:

"When your mind makes appointments your body can't keep."

YOU'RE A RELIC:

"When, at your pace, you have to look both ways before crossing a room."

YOU'RE A RELIC:

"When you see a beautiful woman the only thing that moves you is your wheelchair."

YOU'RE A RELIC:

"When your silent moments are when your hearing aid batteries run-out."

YOU'RE A RELIC:

"When you can't have candles on your Birthday cake because the Fire Dept. requires an open fire permit."

YOU'RE A RELIC:

"When you think of sex the only thing that gets hard is your arteries."

YOU'RE A RELIC:

"When Prison Medical can't figure out why you're still alive."

YOU'RE A RELIC:

"When you have to be reminded to change your diaper."

YOU'RE A RELIC:

"When you are the joke brunt of bully ageist prisoners and staff."

YOU'RE A RELIC:

"When your greatest criminal mastermind plan is to cheat at checkers; if you don't forget."

YOU'RE A RELIC:

"When you dangerously misunderstand the saying: Fruit will set you free."

YOU'RE A RELIC"

"When the guards are young enough to be your grandchildren."

YOU'RE A RELIC:

"When you're always late due to traveling at your age's pace."

YOU'RE A RELIC:

"When you fall asleep during riots."

YOU'RE A RELIC:

"When Prison Dental has assured your bite is harmless."

YOU'RE A RELIC:

"When they chain & manacle you like a wild animal to your wheelchair, but spare the ironball."

YOU'RE A RELIC:

"When your most violent acts are trying to chew prison food and opening your medications."

YOU'RE A RELIC:

"In California, the Parole Board Inquisitors continue to deny parole assuring you are still a menace to society like 82% (1) of your elderly peers.

YOU'RE A RELIC:

"When society pays 2-to-3 times more to keep you in prison (2) (\$282K per yr) than a much younger gang banger (\$134K per yr) (3)."

YOU'RE A RELIC:

"When HOPE is a fire long ago extinguished and FUTURE a carrot the donkey never receives."

Beyond the massive advise of experts, clear philosophical and financial hypocrisy, the Fox continues to assure us "All chickens are dangerous."
