

Conversations to have:

If the prices had went up on the pharmaceuticals and commissary in Georgia's prison. Why is it we can't spend more than \$80.00 or have store ^{call} twice a week. Or as the elder inmates has discuss raise the spending limit to at least \$150.00. I don't think stamps and hygiene should be included on inmate days.

Is Disney political ~~biased~~ and leisure bias? First they took CNN from the viewers. But fox remains. Now they pull's out ABC, ESPN and FX from Direct TV. It's already factual that the viewers don't get their money worth for the basic direct TV. 41 stations out of all the hundred of stations direct TV ~~carry~~ carries. Their should at least be a hundred in the basic package.

A contract negotiation any company should never disable its viewers or ~~customers~~ customers. The customers suffered from not having CBS for months. Now this. Their should never be a penalty to any customer. you need the customer service. So ~~as~~ Disney need to get it together. Buy direct TV completely or find some ^{one} to merge with where the

Customers and viewers will never ~~had~~ have these ~~view~~. Majority of Americans likes movies, sports, awards, debates and news. Our media is heavily polluted because we have people like Donald Trump running for re-election. The news itself is not polluted. For me it's very educational to know what is going on in America and nationally.

Americans: Why is it that sexism is raining in our mindsets. Secondly why is it the American people ~~are~~ (Some not all) is so egotist (self-centered person) in racism, sexism and love drama. In this election, I've paid attention. Kamala Harris has been pouring her heart in the policy (lies) that she will be fulfilling in office, when she made president. Even showing many Americans as the gas, cap drug price etc, Negotiate in ceasefire. Even sharing her personal life with American as Tim Wutz the same. Biden had still been working tirelessly.

While the people under the assumption of Donald Trump and Vance who is slyly piggy back off Kamala Harris's campaign all of certain ~~is~~ Donald Trump is

Concerned about IVF women ~~pro~~
reproductive. Who do you see all white
women standing support him. This is the
white man winning mentality. This why
Georgia has never had a black governor,
~~some~~ some countries has never had a
black mayor, judges and district Attornies,
look at our governor staff in Georgia
predominately white.

Every system is rigged up so the white man
can win at all times. White immigrants,
Others and Black Brown fail systematically
hard. We got keep these conversation going
with our election local and nationally.

Cause every should have a fair voting
process, election, with justice, to get education,
etc. Mainly that everyone is treated equally.

There is no such thing as being to liberal.
All race, gender, culture and sex matters.
Many you have been discriminated by
Donald Trump and his staff. So why are
you supporting this mess. Open your eyes
people. Satan is trying to steal from
the American people once again through
deception. Remember the sore that was
created by Donald Trump when he
was in office. The truth be told Mr.

Biden and Mrs. Harris has done a good job after inheriting bad everything after Trump term. So think about the greater effects that will be brought on the American people if Trump is reelected. Open your eyes sisters and brothers.
