Thank you for visiting my blog ! I now hope, you will be a good Samaritan and assist me in achieving the goal of obtaining my vindication of any kind of murder - which after over four decades of false imprisonment amounts to a horrendous travesty of the law ...

My idea to use an artificial intelligence program to create the music that brought you here, is only the beginning of the use of artificial intelligence to win my vindication - now I need assistance in using artificial intelligence to bring the atrocity I suffer before the worldwide court of public opinion - it is my hope and prayers - you will email me and offer your assistance to help end this nightmare ...

I know if you have the wherewithal to reach me by email with the offer of assistance, my vindication and freedom will soon follow ! Thank you - once more for visiting my blog and giving my request - your consideration ...

Yours Truly, Milo ' One Eagle ' Rose
