

Livvy Dunne's "hips don't lie". They don't do much of anything... because she doesn't have any.

So, the "i" in "iPhone" stands for "intelligent" right?

So, why don't they call it "Apple i", instead of

"Apple Intelligence"?

This just in: Apple Computers say that there's no such thing as AI.

I love when someone from the media says that they
"don't want to be the news". So, you get into journal-
ism to "not be the news?" The phrase "can't
prove a negative" comes to mind.

Where were you on May 29th, 2018? That's the day
my radio was born. I was still in Goose Creek; I'm
in Anchorage Jail, now. Actually, I may've been in Lem-
ore Creek when my radio was born.

I'm listening to it right now; it's a Jensen.
