CA STATE PRISON
CCI-TEHACHAPI
FACILITY B BLDG 4

- Today's March 14th and it's 2:30 PM I JUST came back from the shower. and thought I'd drop a line to my Blog.
so we've been on lock down for the past couple of weeks. From what I saw on the news and from what some people have said. the CDCR Prison Administration has ordered all prisons locked down, because of too much violence in prisons. And they're using this time to search all the cells and prisons.
- This is common, it's nothing new, but it also punishes a lot of people, as prisoners as we are also people too. This action they've taken stops all visits, and programs, but I get it, what I don't get is why punish those who were not involved. like me, I didn't do Jacks so why take it out on me.
- I have a job so I'm supposed to go out daily to clean the medical clinic. But I have a temporary supervisor who doesn't like to call me for work. she doesn't like that I talk to the nurses. so like everyone else I sit in my cell all damn day and I don't get paid. ^{@@} I went out this morning though, only because a different supervisor pulled me out. although I don't mind right now because it's been snowing the last few days. looks nice from my window but don't want to be out there in the cold. And I'm glad we're locked down right now because we'd be outside freezing ^{@@}
