Why support the death penalty?

I'll tell you why. Because we want vengeance, we want an eye for an eye and a tooth for a tooth wound for wound and bruise for bruise as it is written. Why stop there! Shouldn't we be enforcing a rape for rape? We put on this great spectacle of murdering a human being as other's sit around and watch. If this is accepted civilized behavior, then why not put on this great performance for those who have been assaulted? Let's beat the convicted in the same manner for which he was found guilty of beating his victim. Let's put together witnesses that allow the rape victim to sit and witness their rapist being raped in front of an audience. What too much?! Not civilized behavior?! Well neither is sitting there getting your kicks off watching another human being being strapped helplessly to a table and murdered under this fraudulent concept of justice! Because let's face it, IT'S NOT JUSTICE YOU SEEK! IT'S VENGEANCE! Let's call it like it is! Quit hiding behind the mantle of justice, calling for closure. You can't get closure when its vengeance in your heart that you truly desire! So let's get back to why support the death penalty? Why because we are an uncivilized nation that is hell bent on vengeance! But we are also too cowardly to call it like it is, and therefore we hide behind this fraudulent concept of justice! While we are Psychologically Torturing men and women and those who love them while they sit on death row awaiting this ill fated premeditated homicide that you falsely label as justice! And if that's not cruel and unusual punishment... then it doesn't exist. Is what I'm saying to heavy for you? Does it shock your conscious to think of the rapist being raped in the presence of witnesses? Well that's what I'm trying to make you understand, there's no difference than raping a human being as you watch, or premeditating his death. Both of these ideas are sick twisted and far outdated to be committing on your fellow man. The time for change is here and now. Its time to stop Governor Ron DeSantis' use of the death penalty for his political gain. Its time to say, not in my name,not with my money and you don't have my vote as the next presidential nominee. Cease and desist .

My name is Ronald W. Clark Jr. and I will testify to the mental anguish that I've seen these men and their families be put through while being helplessly held captive on Florida's death row. Let's mean what we say and say what we mean, and let's seek JUSTICE FOR ALL, and not vengeance for some. The time for change is here and now. And you can't straddle the fence, your either for the death penalty, or against it. And any silence on your behalf, is support for these inhumane premeditated murders. You have a voice, and you have the choice to say something rather than do nothing. What will it be?
