

Crystal,

Hi. Thank you for sending me that information. Sorry I did not respond right away, but as I am sure you know that I have been going through the grieving process.

When Becky passed Ernesto contacted Laura to let me and Dad know. Then before Dad died I got to see him on a video visit. (That is similar to Facetime) My kids were there with him and then I was on a video visit for his ceremony. He had said he lived a full and good life and was ready to go.

Thank you again.

Rhonda
