

Hi John!

How great to get some comments from you again! They came in time for Christmas, so that was like a gift 😊 I got 2 or 3 from you so I don't know if I'll get to them all right now. I hope you got the Christmas card I sent!

This comment of yours scared me. There aren't dates on them when I got them from BTR, just "sent 2 weeks ago" or however long. So yours looks to have been written in early Dec. You said you were going for an operation, no word what sort, but you clearly alluded to a concern you may not make it through. You asked me to write some sort of memorial as I did for Whispers — Stop that! I'm very sure you're fine, and you'll see this soon. Again, there were multiple comments from you, but I can't tell when they were sent. I don't know what I'd do without you, your encouragements, and your insight.

I'm glad you understand what I was getting at with the imposition of emotionally heavy music in such terrible conditions. See... I don't know what I'd do without your empathy and compassion in my life, either. Be Well! Be healthy! And tell me (if you don't mind) what these 2 procedures were that you had. Take care!
