

I have a question; if A.I. is so great, why does there have to be a logo in the bottom of the screen whenever some (supposed) A.I. is on TV? Shouldn't we be able to tell if something is A.I. as opposed to CGI?

"Ancient Astronaut Theorists say..."

WTF is an "Ancient Astronaut Theorist"?

I'll tell you what an AAT is; an AAT is some guy living in his mom's basement; eating hot-pockets; trolling people online; and masturbating 15 times a day; that's an AAT.
