

Good Morning,

Here's a copy of an email I just sent out !

Good Morning,

Thank You, for the Pen America address - I've come to the realization that I am not going to reach the court of public opinion at the rate I am going, over 43 years of failure and I can't figure out why - so I've decided to volunteer as my New Years resolution - I've been dying a slow agonising death and don't believe I have much time left - so its kill me or free me time !!! Merry Christmas ... Love - One Eagle
