Dear Denizens of the Web,

* Jim Crow
I would like to ask for your help to get Governor Evers to consider my case # La Crosse County WI # 00-CF-106.

Sentence
My side of the story is and remains for 26 years that I "Blacked out" and entered the home of the victim John Pfister.

Jim Crow Sentence
I did not plan to enter their home, nor did I had a plan to commit crimes. The police found me in a pool of my own blood!

Sentence
I was charged with home invasion, even though the police took me to the hospital, and order blood sample because of my behavior obviously something was wrong; and they tested the blood sample.

The DA Scott L. Horne charged me with "Attempted Homicide", a story that he fabricated, and had the victim helped him!!!
