Lisa!

Stay a friend, and one of my biggest
(and maybe only). I lose faith here ~~because~~ because
I am tired of being here for something I did
not do, and with no one on the outside to
accompany this 'cold and gray—' it takes
its toll on me. Especially when I got prison
officials stealing from me; and go out of
their way to cause me problems. It's sad!,
but you are the only one I seem to hear
from who responds in depth. Appreciate you **BIG!**
