"UNITED STATES JUSTICE SYSTEM"
GREATEST IN THE CIVILIZED WORLD

By Ronald W. Clark Jr.

I often write critically about the United States Judicial System, and it being a fraudulent statement, of Liberty and Justice for All, quoting from the last lines, in the pledge of Allegiance. If you think for one second this country treats its people equally, then go over to:

and look at the physical evidence(EXCULPATORY EVIDENCE) that the prosecutor hid from the jury in my trial, and is now missing evidence, because these sitting judges, I believe wholeheartedly was complicit in destroying it, to cover up their mistakes, look at the unequivocal perjured witness testimony in my case, that was never brought to light by my incompetent lawyer, who also who didn't hire an investigator, because he said, he didn't want to, look at the witnesses that my lawyer never tracked down and spoke with. Look at what the judge, the prosecutor and my incompetent attorneys did, and didn't do throughout the history of this case. How this trial judge manipulated my appeal counsel, to keep this exculpatory evidence from being brought out during the appeals. You go look at these sites, and tell me how this type of conduct can take place inside a courtroom, that stands on this platform of equality, yes Equal Justice, and Liberty for All!

This would never happen to Ron DeSantis family, this would never happen to Donald Trumps family, and it shouldn't have happened to me! I sit here in a 9 by 763 square foot cage, with the imminent imperil of death, hanging over my head, in some of the worst conditions imaginable, witnessing human suffering and abuse at the hands of our captives (CORRUPT UNETHICAL CORRECTIONAL OFFICERS) who's abused my family retaliating against me, because I stand on ethical grounds they no nothing about! And all while the guy who shot and killed this 38 year old male victim, is walking the streets a free man after serving 11 years in prison! You look at that evidence, and tell me about equality! So every day for the past 36 years, I've had to wake in this nightmare of an existence, dealing with the fact that I got convicted by my incompetent lawyer turned judge, evidence concealed and now destroyed by my lawyer and prosecutor turned judge, and trial judge who was anything but impartial during my trial and appeals, yes three dishonorable disgusting men that sat on the bench, in their holier than tho black robes, as I sat here in this miserable hellhole getting close to men, that I have to watch die, men that I have to dream about dying! Men that I've witnessed officers abuse, mistreat them in a manner that's unimaginable!! I would gladly go over to Florida State Prison, jump up on that gurney, and shove that needle in my arm, and push the button killing myself for your sick twisted pleasure, to stop this immoral legalized sick twisted premeditated murder that your committing!! God have mercy are you so mentally screwed up with vengeance that you can't see this isn't justice?! America.... your pledge should be, one nation under fraud, with Liberty for the Rich and privileged, and death for the poor uneducated mentally ill that is not worthy of competent counsel, not worthy of life!! One Nation Under God, with Liberty and Justice for All! How dare

you proclaim that, perpetrating this fraud!! When you read over there in these sites, and see undisputed with your own eye's, what happened to me, in a United States Courtroom!

Fact is, there's many poor uneducated mentally ill victims sitting here under the sentence of death, that are not worthy of life, because they didn't have the wealth and connections of our Politicians! Lady Liberty is blindfolded, as to not see these imbalanced scales of Justice that favors the rich and excludes the poor from getting competent representation in and throughout these Courts, you have to be blind deaf and dumb to believe otherwise. Yes only a liar or fool can't read and look at this evidence, and see how they railroaded me under the mantel of Justice! This is the reality of what takes place in America's Courtrooms, and by looking over the evidence here, well you can't dispute it, evidence concealed and destroyed, perjured testimony put on, appointed trial counsel too incompetent to look at the physical evidence, too incompetent to hire an investigator and track down and interview witnesses, and a prosecutor with the morals of Bernie Madoff, having his witnesses lie, and assisting in these lies, and a sorry judge, not only sitting there allowing this miscarriage of Justice to take place over a decade in his Courtroom, but helping keep exculpatory evidence, perjured testimony and witnesses from being brought to light! Yes they did all of that under the fraudulent concept of Justice! And its unequivocally seen in sworn statements, trial transcripts, FDLE and Jacksonville Sheriff's Office files and appellate transcript's, where I, and only I, over the past 36 years brought any of this to light! Not one single lawyer has ever brought any of this out!!!!

Justice? I think Not!
