BUFFALO SOLDIER BOYS & GIRLS

"If an Afrikan-centered liberation movement is to be successful it must rescue the collective Afrikan MIND and SOUL from the clutches of Eurocentric and non-Afrocentric ideology. Such a movement must organize itself for a struggle to the death against the continuing internalization of self-defeating, self-destructive ideas by Afrikan peoples. It must unite these peoples around the ideology of Afrocentrism and inculcate within their breast a life-saving, life-giving, liberating, Afrikan-centered consciousness and identity. It must incite the peoples to new self-knowledge, to the discovery and development of creative, operative strategies, social relations and arrangements; new values and visions with which they will break asunder -- forever -- the shackles of white supremacy. These ends can only be attained if the Afrocentric movement goes on the ideological offensive with an overpowering vengeance."

-Dr Amos Wilson

(Blue Print for Black Power, p.231)

Indeed, just keep y'all's eyes on the Reverend Al Sharptons, Susan and Condoleezza Rices, Kamala Harrises, General Llyod Austins, etc. of this "Negro Class." In any case, we've all heard the sayings "When in Rome, do as the Romans," "If You Can't Beat 'Em, Might as Well Join 'Em" and "We Have to Beat 'Em at Their Own Game, by Working from the Inside of the System."

To be straightforward, these sayings, to my mind, reflect purely opportunistic and reformist-gearred motivations relative to those so-called "leaders" espousing such strategic incompetence and impoverished analytical grasp as regards the actual inherent PRE-DATORIAL and OPPRESSIVE DYNAMICS at work as regards the socio-economic and political, as well as cultural, order (i.e., SYSTEM-DESIGN) in which misnomered "African Americans" are confronted by virtue of illegal colonial, and today, neo-colonial imposition via the White North American nation and/or White male capitalist ruling class, Democrats and Republicans alike.

The aforementioned sayings, are either rooted in extremely naive understandings of our actual political reality or status -- i.e., our subjugated reality via the American Settler Nation-State -- or ^{are} ~~are~~ a result of a profound and purposeful COP-OUT, in the sense of outright COWARDICE SURRENDER to the will of our foes. Each of these reformist-motivated and oriented sayings, in effect, reflect and endorse OUR INTEGRATION-ASSIMILATION as an alleged "racial minority" = an irresponsible group of "minors," into America on the basis of general "participatory rights, opportunities and status as 'equ-

ally treated' citizens," i.e., a quite devious and obvious . . . MYTH.

However, the severe error of capitulation orientation ("reliable custodians of the SYSTEM") is certainly shown by the fact that those amongst "us" espousing such a transparent "recipe for disaster," in terms of "integration-assimilation" into a system-scheme that assures we're EVER made subject^{ed} to white male supremacy and super-exploitation under capitalism-imperialism, aren't only in total favor of our "doing as the Roman's do," but quite tellingly, they're in deep accordance with and thus adhere to a strategy which is aimed towards our folks consciously becoming-remaining absorbed in institutional frameworks that are designed to function on the basis of GLOBAL-ORIENTED "Full-Spectrum Dominance."

No, this class of "reliable custodians of the system" don't hardly pursue these "reformist-motivated" programs and agendas based on being even vaguely related to necessitated principled compromise for tactical purposes. This assertion isn't hardly reflective of an "irrational" and nor "extremist" political stance on my part either, as in point of fact, it simply corresponds to the reality of WHAT this country is actually constituted as: an Empire.

"... Tragically, the rise of thousands of highly placed BLACK ELECTED OFFICIALS since that time -- primarily in the DEMOCRATIC PARTY -- has coincided with the decline of mass-movement organizing and the rise of MASS INCARCERATION. These politicians swept into office promising change, but have instead become RELIABLE CUSTODIANS OF THE SYSTEM. The BLACK POLITICAL CLASS 'has no fundamental political difference with the STATUS QUO in the United States insofar as it does not directly impede their ability to participate freely in the nation's governing and business institutions.' Mass movements made their careers possible, expanded the political horizons, and created the impetus for REFORM. But when these movements receded, so did the pressure for REAL CHANGE."

-Michelle Alexander
(The New Jim Crow, p.)

Yes, imperial domination is its true nature since the United States is a brutal EMPIRE to the detriment of the "Third World" -- i.e., Haiti, Yemen, Iran, Cuba, North Korea, Vietnam, Brazil, Venezuela, China, the Middle East, Africa, etc. For any so-called "African American" leader to deny this actual super-predatorial and oppressive matrix (e.g., multi-national corporations and financial and industrial operations), as regards this country's GANGSTER and RAPACIOUS PRACTICES, is to be immorally collusive and callously indifferent. Indeed, this is exactly the inevitable ideo-philosophical

thrust behind such deeply collaborative sayings as that of "If You Can't Beat 'Em, You Might as Well Join 'Em," "We Have to Beat them at their Own Game" and "When in Rome, Do as the Romans'."

In fact, I'd also here include several other collaborative and prominent sayings coined and spouted by political pimps like Jesse Jackson, Sr. and Barack Obama, such as, for example, "Keep Hope Alive!" and "Yes We Can!" Just how self-delusional, willfully so, can one be by seriously entertaining such ignorant and unprincipled thoughts? These blatantly cowardice propositions are rooted in quite destructive ILLUSIONS. I mean, "Join" and "beat" them, at "WHAT GAME?"

"WHOSE GAME ?"

I want to here recommend for y'all, the quite insightful and revealing book, "Confessions of an Economic Hitman," by John Perkins, so as to get a very clear and educated -- i.e., accurate -- idea regarding "what game" Negroes are referring to and desire our folks to become part of by "joining the system." This text is a relatively easy read. Does not the very proposition call into great question a thoroughly inaccurate grasp of the underlying ideo-philosophical outlooks of "Rome" = the United States, as regards the decisive structural dynamics and motives guiding its white supremacist rulers?

Should we pursue the illusion of "beat 'em at their own game" -- a "game" designed by their unethical and enormously "Donald Trump" corrupt rules according to their set of strategio-material priorities rooted in oppressive and exploitative operations? Or, do we, as sane and just thinking people, govern ourselves in an ethical manner that is quite conducive and consistent with the realization of our positive development-interests . . . ON OUR OWN DAMN TERMS? Must we succumb to and reduce ourselves to the base-level of perfect debauchery as that of our national, class, and indeed civilizational adversaries? By "civilizational," I have in mind a type of Spiritual-Cultural Base which people rest upon and are thus motivated via their life-patterns on every level.

No, our propositions, if we're to honor our ancestors and commit to just principles, must NEVER be to succumb to and nor subscribe to a politico-strategic program geared towards being constituted as compliant subjects of "Rome." Instead, we must adhere to and pursue a dignified agenda and program via doing what our audacious and brilliant ancestor Hannibal would: Broach the gates of the Roman Empire with the resolved aim of destroying sworn enemies. As an African people surviving under white supremacy and colonial subjugation one would, naturally, think and realize that it is quite logical to conclude and indeed anticipate that such circumstances shall and have operate(d) to inevitably foster a category of individuals whom are ever "willing and ready" to COLLABORATE, i.e., to work as "reliable custodians of the SYSTEM" = white male capitalist-imperialist ruling class.

This is, although on a smaller level, observed in the prison-world and that of the "Hoods," whence some of our folks work with and for our captors for personal gain and at the conscious expense of the Black or New Afrikan majority ("US"!), however underhanded or "deep-cover" these type manage to do so. However, this moreso applies to the Withers, William O'Neals, Bill Cosbys, Michael Steeles, Condoleezza Rices, Herman Caines, Ben Carsons, Baynard Rustins, Vernon Jordans, Susan Rices, Jay Johnsons, Star Jones, Armstrong Williams, etc. types.

"From the outset, the civil rights movement was dominated by a black middle-class leadership ALLIED to the Democratic Party liberalism. Its aim was to pressure the federal government to grant formal legal equality to the Southern black population. The Reverend Martin Luther King, Jr., with his Christian religious appeals to the conscience of those in power, became exemplar of this wing of the movement. Riding on their coattails, along with the reformist Communist Party, were the leaders of the very RIGHT-WING social democracy in the U.S., such as non-violence, King and the other 'mainstream' civil rights leaders were PLEDGING the movement's ALLEGIANCE to the WHITE POWER STRUCTURE, PROMISING that it would NOT GO BEYOND THE BOUNDS SET FOR IT BY THE LIBERAL WING OF THE RULING CLASS. Advocacy of nonviolence dovetailed with the belief that BLACK PEOPLE COULD ACHIEVE EQUALITY and JUSTICE BY RELYING ON THE GOVERNMENT and 'WORKING WITHIN THE SYSTEM'."

-Workers Vanguard, No.997
(Manning Marable's Malcolm X: A Liberal's "Reinvention," p.33)

"Our BLINDNESS also prevents us from seeing the RACIAL and STRUCTURAL DIVISIONS that PERSIST in society: the SEGREGATED, UNEQUAL SCHOOLS, the SEGREGATED, JOBLESS GHETTOS ..."

-Michelle Alexzander

"... Ex-civil rights leader Jesse Jackson conveyed to those assembled that he came to march not for desegregation but for voter registration, that is, for the democrats. Jackson's Operation PUSH organization wanted 'INTEGRATION' all right: INTO THE BOARDROOMS OF WALL STREET AND PETTY CAPITALIST ENTERPRISE."

-Workers Vanguard, No.1000
(April 2012, "The Rehabilitation of Booker T. Washington," page 45)

"... As noted in Christian Parenti's Lockdown America (1999), Jesse Jackson long ago CALLED FOR THE APPOINTMENT OF A 'DRUG CZAR' AND MORE FUNDING FOR LOCAL POLICE, RANTING THAT 'DRUG PUSHERS ARE TERRORISTS.' He got what he wanted, today bragging on his Web site that he advocated for the DRUG WAR

way before it 'became accepted public policy'."

-Spartacist League
(Mass Incarceration and Black Oppression in
America, p.23, Pamphlet No.24)

Yep, that's absolutely correct -- JESSE JACKSON, SR. PLAYED AND CONTINUES TO PLAY, JUST AS WITH SO **MANY** OTHER "BLACK SKIN, WHITE MASKS," A COLLABORATIVE ROLE IN THE FORMATION AND IMPLEMENTATION OF THE "NEW JIM CROW," I.E., HOUSE-NIGGERS (NEO-COLONIAL AGENTS) LIKE HIM, PROUDLY AND DUTIFULLY "CROW FOR JIM" TO OUR POEPLE'S GREAT HARM. Isn't his position the exact same as that of "Mr. Dangerous" = President Donald Trump, whom is MURDERING POOR **PEOPLE** IN THE OCEANS FOR ALLEGEDLY TRAFFICING DRUGS?

"The economic well-being and political stability of the capitalist class rest upon the renewed degradation that BROUGHT FORTH Booker T. Washington. He was the INSTRUMENT by which the NEGORES ACCEDED to the TERMS OF DEFEAT."

-Printed in the Prometheus
Research Library's "In
Memoriam: Richard S. Frazer,"
Prometheus Series No.3
[August, 1990]

Yes, the "Buffalo Soldier BOY," Booker T. Washington, was in FACT "the instrument by which the Negroes acceded to the terms of defeat." He was, as with too many today, an actual AGENT or HENCHMAN = TOOL of the white ruling class and/or the Settler-Colonial Power Structure in which consist of BOTH the Democratic and Republican Parties -- "the FOXES and WOLVES," in terms of whose socio-economic and political INTERESTS are ultimately and as a matter of strategio-political programs pursued and promoted.

Yet, folks like Min. Louis Farrakan actually admire and espouse this clear TRAITOR'S -- i.e., "Booker BOY" -- program of reactionary accommodation and assimilation, just as he took the position ~~he~~^{he'd} assist this government from a foreign adversary.

"There is as much force in a Black man standing up and exclaiming after the manner of the 'Old Roman' -- 'I am an American citizen,' -- as there was in the Irishman who swore he was a loaf of bread, because he happened to be born in a bake oven.... I can hate this government without being disloyal, because it has stricken down my manhood and treated me as a salable commodity. I can join a foreign enemy and fight against it, without being a traitor, because it treats me as alien, and stranger, and I am free to avow that should such a contingency arise I should not hesitate to take any advantage in order to procure indemnity for the future. I can feel no pride in the glory, growth, greatness or grandeur of this nation."

-H. Ford Douglas
'1854'

Also, as we observe Jesse BOY'S Operation PUSH organization wanted or wants "integration" into the Boardrooms of Wall Street. Logic must ever dictate that, anyone whom professes to be our "leaders" (i.e., pushes for our genuine interests), MUST EVER be of the frame of mind that the Boardrooms of Wall Street, corporations, etc. represent and comprise a form of SYNDICALIST-MAFIA STRUCTURE; and thus, are based in operational methods which are similar that of a CRIMINAL DIRECTORATE geared towards AUTHORITARIAN-BASED PROFIT ACCUMULATION via "HOSTLIE-TAKEOVERS" (e.g., lands, foods, water, seeds, minerals, chemicals, governments, human labor-power, etc.) of OTHERS', super-exploitation of human beings and Nature, job eliminations, predatorial wars of invasion for purposes of resource and raw material acquisition such as in the Congo, Iraq, Libya, Nigeria, Sudan, Mali, the Middle East, Venezelua, etc., etc.

As in the case of the ANC & Company, folks like Jesse Jackson, Sr. and Rev. Al Sharp-ton are ever about fulfilling THEIR desire to be petty-capitalists or to operate enterprises or to gain from the U.S. Empire's exploitative and domineering approach across the globe.

"If you are deaf, dumb, and blind to what is happening in the world, you're under no obligation to do anything. But if you know what's happening and don't do anything but sit on your ass, then YOU'RE NOTHING BUT A PUNK."

-Komrad-Warrior, Assata
Shakur.

(Note: This does not hardly mean, then, that where tactically necessary the "Boardrooms" shouldn't be penetrated.)

For far too many, illusions die hard!

This, even as the urgency of our plight calls for our thinking and priorities to be rooted in REALITY, as otherwise we shall go on deceiving ourselves and being ever on the strategic losing end, from here to Africa and beyond. It is seriously incumbent of us to realize that life is truly about "Do or Die!" I mean to say by this, we must do for ourselves on every conceivable plane (e.g., politically, militarily, techno-scientifically, economically-financially, educationally, etc.) or go on suffering and dying having failed to achieve anything of an substantive nature.

At any rate, it is, to repeat, unavoidable that some among us, just like during "Jim Crow," "Slavery," and when Africans cooperated with Europeans in our ancestors enslavement, collude against our interests via allying themselves with those forces whom represent agendas and programs -- i.e., ideologies and philosophies -- which operate towards the entrenched sustainment of their rapacious grip, since this existed prior to

and during the European established, managed, directed and sustained "Slave Trade", as previously stated. This shall persist as long as there are those who are selfish-motivated for purposes of unprincipled compromise on the basis of acquiring material-financial objects via our strategio-political and historical enemies.

These are CONSCIOUS TRAITORS and COWARDS, plain and simple. We must concede and recognize that for some of our folks their participation in the system of exploitative oppression, of course, is actually the definite result of our political reality from the United States to Africa and beyond. You see, we all desire . . . to BELONG! This is especially so, when you've^{got} nothing in which to believe or feel you "belong too!" As a colonized-enslaved people, our ancestors were forced to believe that they were the "God-given" and "ordained" private property to white people, even that of a few Blacks, whom viewed and treated them as nothing more than "Beast of Burden" to be super-exploited under brutal (GENOCIDAL) domination.

The fact is, human beings CAN certainly be made to perceive and believe of themselves to literally be "cursed" and the "promised" slaves of another "race" upon being subjected to an dehumanizing environment which deprives them of healthy cultivation in the form of education, cultural nourishment, spiritual development, etc. This, so as to underdevelop their sense of self-worth, group-identity, human dignity, self-esteem, self-confidence, natural religious coordinance, etc., etc.

This is precisely WHY an inferiority complex can and does come into existence relative to those whom are deliberately targeted for psycho-emotional and spiritual as well as cultural manipulation and domination via various invasive forces such as, for example, "Christian Missionaries," "diplomats," "Jihadists," "Peace Corps," "military scouts," "emissaries," etc. I here paraphrase our sister-warrior, Harriet Tubman, whom said:

"I could have freed more had they not believed that they were not slaves."

"... Carnegie's MONEY having paid for the conference, it was both courtesy and POLITITICS for the tying personification of their Age of Steel to appear before this gathering of black leaders whose total asset, had they been tabulated that afternoon, probably would not have amounted to the cost of one of his smaller libraries. The fifty-odd black and white men who finally assmbled at Carnegie Hall listed respectfully as the great benefactors PRAISED Booker T. Washington and stressed the unerring wisdom of the Great Accomodator's POLICIES. Signalling in accents of stern Scots practically the chaos certain to engulf those who challenge or deserted. The patronizing Lyman Abbot followed with more praise and warnings. Since no written record was made of the conference, exactly what was said is speculative. But the

INTENTION of Ogden, Baldwin, Peabody, Villard, and William Hayes Ward, editor of the Independent, were OBVIOUS. Having delivered their MESSAGE OF COMPLIANCE, the whites hurried off to boardrooms and banks with FULSOME INJUNCTIONS that blacks should deliberate ..."

-David L. Lewis
(W.E.B. DuBois, Biography of A Race, p. 307)

Obviously, the methods of human degradation and self-abnegation serve to condition quite DOCILE and PSYCHOLOGICALLY DEFICIENT SUBJECTS so as to more effectively CONTROL, and thus, UTILIZE them. The "Sambo" caricature is the actual "dumb, deaf and blind" personality dreamed up via our oppressors. This personality -- EMPTY SHELL -- is the epitome or quintessential figure which the colonists ruling class aimed and aims to create in order to secure and promote their diabolical capital-material making schemes.

As we observe in our history and in today's times, 2025, most unconsciously or without collusive intentions or collaborative motives (i.e., as far as deliberate betrayal) shall inevitably and naturally serve our racial-national and class enemies in some capacity simply due to how the exploitative system is structured in its dominance. Until such time we truly govern over our own lives, this shall be our unfortunate reality as our folks are compelled by circumstances of deep neglect to survive and enhance their plight so as to have available those socio-economic necessities and opportunities in which to care for, not just their loved ones, but for their general communities as well.

In political terms, this is referred to as the so-called "democratic phase" of a people's national liberation struggle, said to be a "prerequisite strategio-tactical stage," as the story goes. Supposedly, it is during this "democratic phase" whereupon the eventual conditions for liberation or social revolution -- i.e., the "seizure of state power" -- is in "gestation." Well, at least this is the rhetoric served to the "critical mass" at the bottom via that branch of "elites" -- i.e., a new and emerging and/or manupartied "bourgeoisie?" -- whom become the actual "bread and butter" winners (e.g., Nelson Mandela & Company, certain prominent Civil Rights movement leaders of the 1960s here in our context, etc.) To reiterate, there are those individuals and organizations which seek to exploit and capitalize off the oppressed status of their own folks since s/he has made a conscious and calculated decision to surrender their self-dignity and to betray the fundamental interests of that people.

JUST WITNESS THAT FOOLISH, YET EXTREMELY
DANGEROUS HOUSE-NIGGER WHOM POSTED ON-LINE
THAT HE IS A "BLACK NAZI" AS WELL AS THOSE
WHOM IDENTIFY WITH THE "PROUD BOYS" IDEOLOGY

For these type, "every one has a price." These type of people have long ago ceased to identify as "their people", those being directly oppressed and exploited as their loyalty is actually in the hands of the colonizers-imperialist ruling class(es).

"There remain deep economic problems rooted in the apartheid-era economy, such as the migrant labor system. Because of the liberalization of both trade and finance, and especially because of the decision by MANDELA and Mbeki governments to allow the LARGEST CORPORATIONS to delist their Johannesburg Stock Exchange financial headquarters in FAVOR OF LONDON, the current deficit grew to a dangerously high level by May 2008 (- 9 percent), compared to the ability of the economy to generate foreign exchange. Interest rates were raised more than 10 percent as a NEOLIBERAL DEFENCE MECHANISM ..."

-Patrick Bond
(Barriers and Openings to a New Socialist Internationalism, See Socialism & Democracy, Vol.2, July 2014, p.201)

"... with power relations at their most adverse during the early 1990s, MANDELA GAZED UPWARDS AT WESTERN POWER NOT AS THE ANTI-IMPERIALIST FIGHTER whom in 1962 the CIA helped to imprison for 27 years by alerting the police to block a road near Durban, BUT INSTEAD AS A RECONCILER ABLE TO MAKE PEACE WITH LOCAL RACISTS and THE WORLD CAPITALIST ELITE IN PREPARATION FOR HIS 1994-99 PRESIDENCY. Tragically, but truthfully, THAT RECONCILIATION HAS BEEN LABELLED BY HIS FORMER COMRADE AND LATER SA INTELLIGENCE MINISTER RONNIE KASRILS, THE 'FAUSTIAN PACT' IN WHICH MANDELA CONCEDED THAT INTERNATIONAL CAPITAL WOULD PLAY A FORMIDABLE ROLE IN THE COUNTRY'S 1990 TRANSITION FROM RACIAL TO CLASS APARTHEID, INCLUDING WORSENING THE SOCIETY'S WORLD-LEADING INEQUALITY DOUBLING UNEMPLOYMENT, AND DEEPLY DAMAGING LOCAL AND REGIONAL ECOLOGIES."

(Ibid., p.186)

That's , Euro-White folks "democracy" for you! Just as Franz Fanon and Gil Scott Heron said, regarding Black folks whom are collaborators of Western Imperialism and White Supremacy: "The military and monetary, turning our folks into mercenaries." Let US be most clear: THESE TYPE HAVE IN FACT CHOSEN THEIR SIDE BASED ON CLASS DYNAMICS AND SELFISH-MOTIVATED INTERESTS.

As in the case of all human cultures, African people have~~d~~ and shall have deep divisions along class lines, even as such contradictions were and continue to be greatly ~~worsened~~ and reshaped by invading forces such as Arab-Muslims, European-Christians/Catholics, etc. As we're aware, those Chiefs and tribes whom hunted down or initiated wars for the aim of "black gold" (enslaved bodies) to be traded to Arab-Muslims and

European-Christians, hardly had in mind and nor cared for any such notion as that of "Blackness." It was purely a matter of wealth and power calculations for them and their collaborative cry was "PRO-BLACK MY ASS!"

So, in the final analysis, it is certainly illogical and indeed dangerously naive and unwise of us to think of our interests purely in terms of "Blackness." To do so, is not just to undercut ourselves, but importantly, it is also to place ourselves in a vulnerable position as the "vultures in our midst" shall certainly seek to take full advantage of such a weakness, as did Chief Butalezi, Idi Amin, Janas ~~S~~vimbi, Mobuto of the Congo, Papa and Baby Doc of Haiti and many more House-Niggers here in the "Belly of the Beast!"

"... The minisetr, private secretaries, ambassadors, and perfects are chosen from the leader's ethnic group, sometimes even directly from his family. These regimes are based on the family unit seem to repeat the age-old laws of endogamy and faced with stupidity, this imposture and this intellectual and spiritual poverty, we are left with a feeling of shame rather than anger. These heads of government are the **TRUE TRAITORS** of Africa, for they **SELL THEIR CONTINENT TO THE WORST OF ITS ENEMIES: STUPIDITY...**"

-Frantz Fanon
(Wretched of the Earth)

Indeed, just think of those so-called African or Black "leaders" on the Motherland -- e.g., Paul Kagame of the Democratic Republic of the Congo,

-- . With slight modification as so-called "African Americans" peculiar form of internal colonialization and/or neo-colonial context, what Fanon conveyed, as regards the "national bourgeoisie" on the African continent and under conditions of underdevelopment, equally applies to our reality here in the United States:

"... The national bourgeoisie discovers its historical mission as intermediary. As we have seen, its vocation is not transforming the nation but prosaically to serve as a conveyor belt for CAPITALISM, forced to CAMOUFLAGE ITSELF BEHIND THE MASK OF NEO-COLONIALISM. The national bourgeoisie, with **NO MISGIVINGS** and with **GREAT PRIDE**, **REVELS in the ROLE OF AGENT IN ITS DEALINGS WITH THE WESTERN BOURGEOISIE ...**"

(Ibid., pp.100-01)

Again, "Black Skin, White Masks."

In our own context, whence we absolutely experience an inverse form of neo-colonialism, euphemistically referred to as "integration," this is our sad reality. We recognize "Buffalo Soldiers," "Harlem Hell-Fighters" and "Red Tails" of every sort proudly and unabashedly demonstrating their loyalty to our enemies programs (e.g., law enforcement, Pentagon, CIA, FBI, financial firms, Wall Street, Senate-Congress, White House, Prison Industrial Complex, military, judicial system, multi-national corporations, etc.) which represent and promote a detached cultural matrix and alienation = material-class estrangement relative to the colonial HAVE-NOTS and WORKING-CLASS POOR, i.e., the Black mass-body as regards the disintegrating and thoroughly exploited working-class and deeply impoverished Black underclass.

To re-emphasize, their type willingly and with great enthusiasm participate in this oppressive process for the sake of material gain and other perceived "goodies" or privileges extended them for doing as the "Roman's say do" or a "job well done." This perpetually bred complicit bunch, spawned by an entrenched and pathetic "Buffalo Soldier BOYS" tradition rooted in deep treachery of our fundamental interests as well as that of other exploited and oppressed peoples, are of the type whom voluntarily bled and died -- i.e., "KILLED!" -- on behalf of the United States against Nazi Germany, Mussolini's Italy, Tojo's Japan, Franco's Spain. This, while Great Britain, France and the United States' main allies in oligarchical fascism, were super-exploiting "Third World" peoples and engaged in genocidal domination as occurred in India, Cambodia, South Africa, Angola, Mali, Rhodesia, Vietnam, Korea, Laos, China, etc., etc.

Their mode are those whom pleaded and prayed for the chance to "prove themselves" by aiding our enemies in colonial wars against China, Vietnam, Korea, and today, that of Iran, Syria, Venezuela, Somalia, Yemen, Afghanistan and whomever else their bosses in the White House, Senate-Congress and Pentagon decide on behalf of Wall Street to use their lives-blood in their future imperial designs for global dominance. They are those whom crawl on their knees and beg "Massa" to infiltrate, misdirect, disrupt and sabotage our political groups (e.g., the Black Panther Party, Republic of New Afrika, etc.)

Collaborative "Uncle Toms." These spineless "Toms" are in pursuit of and deeply desire the rulers' "carrots," while leaving the repressive "sticks" to those principled New Afrikans (Blacks) whom resist oppression on an audacious level. As in the past, "Buffalo Soldier Boys & Girls" persist to "mysteriously" crop-up and are constantly being prepped due to their complicit outlook and opportunist indifference rooted in the ethos of, "If, You Can't Beat 'Em, Might as Well Join 'Em," i.e., "Yes We Can" get-in-on the "BLOODY FEAST." This docile and quite cowardice approach -- philosophy towards life -- is in effect from Africa, India, Haiti, Jamaica, Brazil, Guyana, to the United States and beyond.

On December 28, 2018, I viewed a segment on CBS's This Morning, which sought to highlight the supposed achievements of a Black military regiment known as the "Harlem Hell-Fighters." Great praise -- naive joy -- was heaped upon this group for having fought against Germany in World War I, where literally MILLIONS, just as in the case of World War II, were slaughtered. CBS reported that the Harlem Hell-Fighters 369th Regiment fought more days in combat than any other military regiment and they "fought for what is right."

It was said that, "they showed bravery and gave service to this country," but once back to the United States, were denied medals to honor their sacrifices and the very "democracy" which they ^{fought} for in WWI. Also, if I heard correctly, this particular regiment was used to "quell Blacks revolting in this country prior to 'proving their loyalty' in World War I." This is the kind of SELF-DEFEATING behavior and seriously delusional thinking on the part of Black folks, even as in fact this also took place across the Motherland, where Blacks killed and died for racist-colonial Empires and/or their oppressors, such as, for example, France, Britain, etc., which is extremely harmful, since it not only encourages our people to do the "dirty work" of our world's political adversaries, but just as important, it operates to promote LIES that have the effect of actually hindering the African World's liberation struggles.

For instance, is it actually true, that WWI and that of WII, were fought for purposes of really promoting and defending "freedom and democracy?" Or truthfully, were these wars about White Supremacist-Colonial Empires being engaged in destructive competition with the geo-political aim of securing (i.e., dominating) regions of the world so as to obtain resources, cheap labor and raw materials, i.e., were these wars, as with the Korean War, Vietnam War, Mexican-American War, etc. actually motivated by geo-strategic considerations and pursuits involving wealthy-capital accumulation?

Well, that's certainly my own read and understanding of TRUE HISTORY as far as the actual dynamics at play. Also, evidently not much logical thinking was really guiding the decisions ~~sa~~ actions of the "Harlem Hell-Fighters," in spite of what "they thought" they were killing and dying for via their damn service, so-called "bravery," to nothing but quite shrewd and genocidal-gearred White Empires. Now, that's "real game," for you! If I never or don't ever again agree with anything else in which President Trump says, one thing he hit "dead-on the tip of the nail," is this FUNDAMENTAL FACT:

THOSE OF THE POOR AND WORKING CLASSES AND PEOPLE
OF COLOR FIGHTING-DYING FOR RULING CLASS-WEALTHY
AMERICA, ARE LOSERS AND SUCKERS!

"Reverend Earl B. Moore, appeared in a press conference with Nelson Rockefeller in January of 1973 to express support for the governor's new drug laws. Dempsey, a former youth minister at Abyssinian Baptist Church and confidant of Rockefeller's, had been an anti-crime activist since the early 1960s. Fortner argues somewhat convincingly that Dempsey represented a sector of BLACK ELITES and CIVIL RIGHTS ADVOCATES, ESPECIALLY THOSE DRAWN FROM THE RANKS OF CONSERVATIVE CLERGY AND THE NATIONAL ASSOCIATION FOR THE ADVANCEMENT OF COLORED PEOPLE (NAACP), WHO EMPHASIZED THE HORRORS OF CRIME. ..."

-Donna Muurch
(Assata Taught Me, p.46)

Yes, these "HOUSE-NIGGERS," Rev. Moore and Dempsey, provided support to Governor Nelson Rockefeller, even in the face of the brutal racist-motivated and actually unwarranted OUTRIGHT MASS of mainly BLACK PRISONERS during the 1971 REBELLION at ATTICA STATE PRISON, where OUR BROTHERS were engaged in a JUST STRUGGLE for their HUMAN and CIVIL RIGHTS. Now, what does that tell you?

Can, one whom is a "Revolutionary Nationalist," endorse and aid in the implementation of policies and programs deriving from the colonial-racist and/or neo-colonial regime as that of our own? Is not, that definite BETRAYAL? Aren't the NAACP-types actively collaborating with our historical and political foes by assisting snakes and pimps like Nelson A. Rockefeller, "Jay-Z's, Boys?" How is it hardly ever logical, for a people to call on the very people or government forces, etc. harming and destroying that very same people, without their existing a very serious contradiction?

This, in effect, is precisely WHAT the NAACP-types and various Conservative Black organizations and individuals as well are engaged in against our interests. Should "crime" be addressed in our communities? Of course! But, not by the FORCES whom are actually the REAL CRIMINALS, i.e., it is their ECONOMIC-FINANCIAL and SOCIAL SYSTEMS which actually create, in the main, the conditions which tend to compel many of our folks to commit crimes, use drugs, etc., etc., in the first place, Mr. Jesse Jackson, Sr. and Rev. Al Sharpton. Arrest, trial and punish the White House, Pentagon, CIA, FBI, corporate America, industrial magnets, banks-financial agencies, Wall Street, etc., etc.

"THE LONGER WE WAIT, WE'RE GOING TO LOSE IT ALL!
SO, WHY DON'T WE DO A LITTLE BIT, SO SOME WILL REMAIN."

-DeKlerk
(Former President of Apartheid South Africa)

The DeKlerks of South Africa and that of the imperialist countries like the United States, Japan, Britain, France, Germany, etc. understood exactly what was inevitably

at stake or over the political horizon had they not resorted to forms of tactical compromise aimed ever towards securing their predominance over South Africa's financial, industrial, mining, agricultural and corporate sectors.

Yes, they're still in virtual strategic control of these areas to the severe harm of the BLACK MASSES. That's absolutely correct -- THE WHITE POWER STRUCTURE DEPENDS ON THOSE "UNCLE TOMS" TO ENGAGE IN TREACHEROUS COLLUSION SO AS TO SECURE AND SUSTAIN THEIR DOMINANCE OVER THE AFRICAN WORLD, WHILE THEY LIVE "PLUSH." This reality is given expression and confirmation by the author of the book: "Disintegration," whom speaks of a category of Blacks, whom, to my own mind, are pure collaborators: THE "TRANSCENDENTS." Himself, falling into this deeply collaborative category, naturally he fails and refuses to "transcend" the parameters of the integ-rationist-assimilationist (Neo-Colonial) outlook, and, in doing so, he thus is incapable of or refuses to advance the proper analysis and hence, politico-strategic orientation as to the White Male Power Structure so as to elucidate its inherently super-exploitative operations or to identify the dynamics at work which constitute their interests in terms of their global predatorial activities and system-designs.

And no, it is not hardly a matter of the "White Power Structure" or rather "the corporate interests that always seem to get their way," and nor "the unreformed racists who operate beneath society's radar," as in fact, at least for those of us whom aren't captured in the enemy's matrix of delusions, "the corporate interests" actually do and are "getting their way," under a system-design in which functions in a manner that assures such is ever the case in every realm of socio-economic and political life.

Also, "the unreformed racists who operate beneath society's radar," are in truth, not hardly "under the radar," in 2025, and nor during the time in which "Disintegration" was written. Even a complete ignoramus knows and sees how "corportocracy" -- i.e., Oligarchical Fascism -- of the global economy is ^{motivated} by White Supremacy or the dominance of the international market-financial systems at the definite expense of Africa's, Latin-Indigenous America's and Asia's "disintegration." Yes, as then and now, the "Buffalo Soldier BOYS," "Red Tails" and "Harlem Hell-Fighters" are "working with colonial settlers" or various agents so as to part-take in the "only game in town" -- Capitalism-Imperialism.

These similar elements exists in so-called "Latin America," Africa and Asia, too. The only "question that's been settled" -- i.e., for the obstinate whom require(d) the answer to what has always been all-too-clear -- is that "Obama's presidency, was irrefutable proof of the inexorable treacherous nature of a "Transcendent black America," i.e., there exists, by virtue of the structural operations of the United States' Empire, "a small but growing COHORT... has arisen" on the basis of the extreme sacrifices and

sufferings of BILLIONS OF PEOPLE.

"This Transcendent skepticism was different from the fatalism I often heard during the campaign from other African Americans -- Mainstream and Abandoned -- who believed that in the final analysis 'they' would never let a black man into the White House, 'they' being the WHITE POWER STRUCTURE, or the unreformed racists who OPERATE BENEATH society's radar, or the CORPORATE INTERESTS that always SEEM to get THEIR WAY."

-Eugen Robinson
(Disintegration, p.145)

"... They knew from experience that the way African American politics and government was WORKING WITH and THROUGH SYMPATHETIC WHITE POLITICIANS... This meant that the Democrats were the ONLY GAME IN TOWN ..."

(Ibid., p.145)

"Obama's presidency definitely settles any questions of whether a Transcendent black American elite has arisen -- a small but GROWING COHORT ..."

(Ibid., p.14)

Cohort: *Synonyms*: CRONY

"For Afrikan Americans, all the promises of the Civil Rights Era have been betrayed, everything has been reversed. The more Black officials have been elected the worse the Black electorate has fared; Black homelessness became a national scandal during the tenure of a Black Secretary of Housing; the Black community was overrun with AIDS, drug addiction, tuberculosis, all sorts of diseases and maladies during the tenure of a Black man as Secretary of Health; Black nations were overrun by the imperial armies of the United States while a black man was Head of the Joint chiefs of staff; the more Black judges APPOINTED to the bench, the more Black men become police commissioners and police officers, the more Black men fill America's prisons and the more Black-on-Black violence ravages America's Black ghettos. ..."

-Amos N. Wilson
(Blueprint for Black Power, p.828)

Playing by the rules of their "game" = deep complicity and total capitulation. Why is this type of orientation as regards the assessment of the actual systematic workings of America, something which guides folks like Eugene Robinson's, Juan Williams' of FOX News and Bill Cosby, "Mr. Perfect," and assailer of the Black Have-Nots, thinking? Why? It is the consequence, whether wittingly or unwittingly, of their being ardently oriented towards validating and promoting the geo-strategic and politico-material projects

of the white male ruling class's . . . Empire!!!

There is a "Transcendent Cohort," alright, not just in the sense of the author's un-evolved argument with regards to their level of wealth, power and influence, but more importantly, in terms of the political implications involved related to their ideological commitments, since this category's very function centers-upon being the collusive "cohorts" of the white power structure = aiding and abetting against the majority's interests. Perhaps it's just me, but doesn't this constitute delusional thinking on behalf of not only the author, but equally in terms of "Obama & Company," i.e., his Transcendent Team and advisors = confederates of the American white supremacist Empire?

"... Booker T. Washington was known across the country as a leader of, and spokesman for, Black Americans -- his fame, atleast in the South, due to no small part to his prescription of slow don't rock-the-boat progress ... "

(Ibid., pp.146-47)

"... For the first-time, there is a large enough cohort of transcendent Black Americans to form a critical mass ... "

(Ibid., p.148)

"... Worse still, many Blacks are homeless, sleeping on the sidewalks, under bridges and in abandoned buildings. After twenty-five years of affirmative action Blacks find themselves with the highest unemployment rates, locked out of corporate America, drifting into poverty evermore rapidly, begging for handouts on the streets of America. Twenty-five years after the initiation of Black capitalism Blacks find their community markets dominated by ALIENS. Black business persons find that they can do little business in America or with America. After forty years of being America's moral conscience, Blacks find their communities being devastated by immorality; after preaching brotherly, race-transcending love, they find themselves the most hated of races. ..."

(Blueprint for Black Power, p.827)

"... The generation of social power requires appropriate organization, tactics and strategies -- and a unifying vision or sense of mission. It requires a guiding set of ideas or an ideology whose attempted realization defines the social attitudes, relations and institutions which together can empower a people. a people are empowered or disempowered by the guiding ideologies of the leaders to whom they pledge allegiance. Though leaders recognize the needs of their followers and are at one with them in terms of their own needs, their choice of inappropriate social-political ideologies and goals may bring both

themselves and their followers to despair. In light of the foregoing discussion we think it more appropriate and productive to critically look at the IDEOLOGICAL ORIENTATION of certain types of leadership establishments which prevail or are emergent in the Afrikan American community today, than to critically analyze the individual leaders and their politics.

(Ibid., p.829)

I mean, wasn't it those of CEO Richard Parson's ilk whom actually "aided and abetted" the "troubled," the author's words, 2008-09 financial crisis (e.g., Franklin Raines, Stanley O'Neal, etc.) which caused massive unemployment, home foreclosures, the collapse of businesses, substantial financial losses, suicides, increased poverty, wage-salary reductions, global economic depression = the destruction of human societies, etc., etc? Yes, Obama certainly did play his special role as "image changer" and "pathetic apologist" of the U.S.' orligarchical fascist system = White Male Supremacist-Imperialism, in a quite persausive guise or to such an extent that, the willfully blind awarded this "Transcendent" BOY WONDER a "Nobel Peace Prize," even while the "new course he charted" was one that remained the prosecution of those geo-political, strategic and material-agendas and programs rooted in global dominance via every war-gearred mechanism at his disposal on behalf of his "Puppet Masters."

"... The African-American ... possessed the gift of 'second-sight in this American world,' an intuitive faculty (prelogical, in a sense) enabling him/her to see and say things about American society that possessed heightened moral validity, Because he dwelt equally in the mind and heart of his oppressors as in his own beset psyche, the African American embarced a vision of the commonweal at its best. But the gift was also double-edged -- always potentially enervating -- because the African-American ONLY SAW HIM/HERSELF reflected from a WHITE SURFACE, 'A WORLD WHICH YIELDS HIM TO TRUE SELF-REFRACTIVE EXISTENCE, SELF-CONSCIOUSNESS, BUT ONLY LETS HIM SEE HIMSELF THROUGH THE REVELATION OF THE OTHER WORLD.' ..."

-David L. Lewis
(W.E.B. DuBois, Biography of A Race, p.281)

"... If it was true that large numbers (perhaps even a majority) of the race had NEVER THOUGHT OF THEMSELVES AS HAVING A CONVOLUTED, REFRACTIVE EXISTENCE, DuBois's foray into group psychology was certainly valid for those AFRICAN-AMERICANS (like himself) WHOSE CULTURAL BACKGROUNDS PREDISPOSED THEM TO HOLD FAST TO VALUES OF THE DOMINANT CLASS OF THE DOMINANT SOCIETY ..."

(Ibid., p.281)

Doesn't the above, especially and particularly, apply to "House-Negroes" or that collaborative category of African-Americans whom the author of "Disintegration" defines and refers to as the "Transcendent?" A psycho-cultural designation and term apparently borrowed from Ralph Waldo Emerson's "The Transcendentalist," which spoke to the so-called African - Americans "double-consciousness," that I'd explain as in fact being a reflection and evidence of a FALSE, and at the same time, a REAL CONSCIOUSNESS, i.e., as America was FORCED on our folks, its "national consciousness," and thus, its "national identity," are truly FABRICATIONS and ILLUSORY.

This is reality, no matter what the "Whoopi Goldbergs" may spout. OUR AUTHENTIC CONSCIOUSNESS, and thus, NATIONAL IDENTITY, are rooted in and only related to OUR PECULIAR HISTORICAL DEVELOPMENT, in terms of being correctly (i.e., SCIENTIFICALLY) defined as NEW AFRIKANS, Why is there a "New" Orleans, "New" Jersey, "New" England, "New" Hampshire, "New" York, "New" Haven, etc.? "New," is actually indicative of transformative conditions -- i.e., Nat = "to be born" -- or process on the historical plane, even as, of course, as applied to European colonial settlers, "new" relates to and involves the development of external-invasive transplantation via alien cultures that of Native folks' Homelands.

But I digress ...

"... A few -- Garnet, Delany, Holly -- had chosen the path of cultural separatism and expatriation... ."

(Ibid., p.)

"There is a pervasive sense of foreboding and impending doom among Afrikans who let themselves look reality dead in the face. In the face of the tremendous deterioration of their quality of life -- mounting unemployment, increasing poverty, crime, moral degradation; devastating miseducation and the even more devastating lack of education; overwhelming drug addiction and insensate violence, homicide, terror, prostitution, disease and corruption; in the face of children having children, social incivility, a youth culture whose raucous music speaks of nihilism, rape, robbery and murder, the degradation and venal hatred of Black women, of everything Black... "

(Blueprint for Black Power)

(Ibid., p.828)

So have those of US involved in and committed to the NEW AFRIKAN INDEPENDENCE MOVEMENT ("NAIM") chosen the path of cultural and political (nationalist) SEPARATISM, i.e., "Self-Rule or No Rule!" I argue that, no matter how delusional folks attempt to represent the "Buffalo Soldiers," "Red Tails" and "Harlem Hell-Fighters," as somehow constituting "exemplary models" in which to uphold, admire and emulate, in the final analysis

and certainly as history confirms they represent(ed) a thoroughly MISORIENTED and COL-LABORATIVE TRADITION since they were/are the PERSONIFICATION OF A PATHETICALLY ASSIMI-LATIVE and DEFEATED "REAR-GUARD" OF WHITE SUPREMACY.

The very type of people whom discourage and oppose physical force by our own hands against racist and national oppression, while encouraging and favoring physical force by our hand for the defense of our racist and national oppressors, are, in FACT, what the "assimilationist-integrationist" ideology and worldview are to the great peril of so-called "African-Americans."

"Because of desegregation and disintegration, the black middle class is not only bigger and wealthier but also liberated from the separate but UNEQUAL NATION called black America that existed before the triumph of civil rights."

(Disintegration, p.193)

"Over the years, we have documented in our press viciously anti-working class acts carried out by the ANC along with the MISLEADERS of UNIONS and SACP. We noted how NUMSA metal workers' leader Moses Mayekiso and SACP top Joe Slovo were sent to break a long plant occupation by Mercedes-Benz workers in East London in 1990; how the newly installed ANC-led government under NELSON MANDELA BRUTALLY REPRESSED STRIKING PICK 'N PAY GROCERY STORE WORKERS IN 1994 ..."

(Workers Vanguard, Oct.26, 202, #1011, p.10)

What did the author of "Disintegration" shamefully express: "the black middle class is not only bigger and wealthier but also liberated from the separate but UNEQUAL NA-TION called BLACK AMERICA that existed before the triumph of civil rights." Now, to my liberated mind, this statement is about as "neo-colonialistic" one can possibly get, in the sense of it representing a clear capitulationist orientation and practice, i.e., "assimilation-integration.

He and too many so-called "African-Americans" actually view(ed) themselves and regard their being "permitted" by white America to "abandon Black America," as a form of "lib-eration" or being somehow "liberated" from "the separate but unequal nation called Black America that EXISTED before the triumph of civil rights." Yes, for their type the absorp-tion and thus submersion into the White American nation is perceived as an "triumphant" act since in their thoroughly assimilationist-integrationist -- i.e., neo-colonialist - orientation, rooted in and motivated by total SUBMISSION to the Empire's agendas and geo-political and strategic programs of domination, offered them, the BLACK MIDDLE CLASS, the OPPORTUNISTIC CHANCE to expand and grow wealthier, while disregarding and fleeing

the UNEQUAL BLACK NATION, an unequal nation made so by the very colonial-racist forces in which folks of his ilk created and to this time, 2025, ensures is maintained.

Their type prefer the oppressors' "civil rights," since these grant them permission or the rights required to protect and promote their desire to assimilate into the American white Empire, than that of "human rights," i.e., to struggle for Self-Rule or No Rule and "40 ACRES & A MULE" here in the United States, "for now," required for our people to live in effective security and a developed nation-state of our own, as any truly sane and dignified people would be committed towards achieving. In any case, as to other important implications with regards to the quote cited from "Disintegration," isn't this, in fact, "a round about admission" that Black (New Afrikan) people in the United States, as a consequence of an historical miscarriage = "Slavery-Colonialism", are actually OUR OWN "UNEQUAL NATION;" in which the political strategy of integrationists served to FRACTURE via many of our people "fleeing" so-called "Black America," i.e., that the New Afrikan nation(ality), and thus, identity, are political realities?

As ^{to the} matter of the disparaging remarks which I make as to the "Red Tails," "Harlem Hell-Fighters," "Buffalo Soldiers," and indeed, that of the "Tuskegee Airmen," even as I concede that significant and historic contributions were made militarily or that the sacrifices made against the Southern Confederacy and as well as Nazi Germany were important achievements, I, of course, realize that there will be those whom take issue with my characterization.

Nevertheless, I stand forever firm with regards to my read of history and political position. You see, the "CARROTS" which these "PARROTS" obtain(ed) -- e.g., paychecks, property, homes, pensions, life-insurance, class elevation, privileges, vacations, educational advancement, skills, etc. -- definitely serve(d) as special and greatly exciting "TREATS" in which this category of deeply estranged "TOOLS AND FOOLS OF THOSE WHO RULE" delight in to this day. They were and are truly "COGS IN THE SUPER-PREDATORIAL AND OPPRESSIVE EMPIRE'S WHEEL OF CLASS, NATIONAL AND RACIAL DOMINATION."

This is the reality, whether they're conscious of such or not, since each of these traditions represent "BANDS OF DOMESTICATED OPPRESSED NEGROES ALIGNED WITH 'OLE GORY,' IN TOTAL SUBMISSION."

"... The advisor that Lazard sent was a razor-sharp black mand named Franklin Raines -- the same man who nearly three decades later, would be accused of helping create the subprime mortgage mess as the transcendent chairman and CEO of Fannie Mae. ... Raines took what he called 'early retirement' after Fannie Mae was accused of over stating its profits over years by more than \$6 billion. Four years later, Fannie Mae's aggressive expansion on Raine's watch was blamed as a major cause of the subprime mortgage meltdown. O'Neal, too, was

cited for his role in the financial collapse -- of all the large investment banks, Merrill had made the biggest and most irresponsible bet on subprimes."

(Disintegration, pp.149-50)

For me, the Harlem Hell-Fighters, Red Tails, Buffalo Soldiers, etc. ^{represent a} House Negroe -- i.e., neo-colonial -- complex in terms of aligning their interests with that of the Empire's, and thus, performing their duties towards the fulfillment of its exploitative and oppressive programs. Let me be very clear: THEY DON'T REPRESENT JUST THOSE WHOM COMPROMISE AND COMPRISE THE MILITARY INDUSTRIAL COMPLEX, BUT THEY REPRESENT AS WELL, THOSE WHOM COMPROMISE AND COMPRISE THAT OF LAW ENFORCEMENT, INTELLIGENCE AGENCIES, SCIENTIFIC-TECHNOLOGICAL CADRE, FINANCIAL AGENTS, JUDICIAL INSTRUMENTS, CORPORATE TOOLS, ETC ON BEHALF OF THE WHITE MALE SUPREMACIST-IMPERIALIST RULING CLASS.

That's the so-called "Transcendent," for you, i.e., the absorption and thus submer-sion into a thoroughly corruptive "Robber Baron" cesspool of LIARS, THIEVES, SEXISTS, RACISTS, WAR-MONGERERS and MURDERERS = those whom promulgate policies and programs geared towards illegal and expansive imperialist aggression, aid and abet repressive police and prison guards, super-exploitative oligarchies, participate in economic-financial criminal activities, etc. No, "genuine entitlement" does not "include the privilege to fail, especially when such "failure," more like a conscious decision at deception which "back-fired," is rooted in the systems in which they KNOWINGLY function towards the calculated ruin and harm of other people, "Mr. Roberson."

"MASS, PLEASE LET ME IN. WE SICK?"

What did the brilliant actor Terrance Howard stress in the movie Red Tails: "Fight harder to make this world free, because we on the side of God Almighty." yeah, the "God" of the might of White Supremacy and Western Imperialism. How'd the Red Tails avenge those killed by Nazi Germany: "We will repay the Ole Man with victory, you hear me?" Throughout this movie all that was on display was the deeply shameful and absurd idea of BLACK SUBSERVIENCE rooted on SELF-DELUSIONS and POLITICAL IGNORANCE. Is THIS, a history we're really suppose to embrace and be proud of?

"To the last man we fight, we fight. ... To the last plane, the last minute, bullet, man, we fight, we fight!"

This was the pathetic and quite INSANE cry of the Tuskegee Air BOYZ = a bootlicking approach and ethos in unabashed submission to white male supremacy via collaborative efforts of Booker T. Washington's assimilation's capitulation. No, ain't hardly anything

"distinctive" about that!, as the solid brother, Method Man, would have us accept via the character that he played. As komrad-ancestor, Malcolm X, aptly said: "These Negroes are trying to crawl back onto the Master's plantation." Now, what "right-thinking" (i.e., SANE) Jew would beg and pray for Nazi Germany to "integrate" or "assimilate" them into their Anti-Semitic and fascist matrix of genocidal insanity?

Wouldn't that be tantamount to "begging the Devil to open its chamber to endure an eternal Hell?" Well, from my perspective, one rooted in and shaped by an accurate study of the United States' genocidal history and as related to hugely destructive and murderous practices, this is precisely the equivalent of what has transpired in our (New Afrikans) case by virtue of so-called Civil Rights "leaders" steering us down a path which is obviously destined for our deeper domination and further destruction via various blatant and subtle forces. Yes, this is the price the masses, especially the super-exploited Third World, are forced and manipulated to pay, so as to enable an "elite" of docile and compliant "Red Tails" to receive their piece of the rotten "American Apple Pie."

In all reality, this tradition is definitely partly to blame for the slogan or cry: "Black Lives Matter!," as well as the pressive "New Jim Crow" Prison Industrial Complex in which so many of our people suffer under. For centuries, America has told US that, not only are we NOT Americans!, but also, that we're NOT even considered to be "fully human beings." As such, our lives aren't valued on the same level as white folks. Yet, as in the case of a woman-wife whom is continually "kicked and slapped" by a man-husband (i.e., a woman whom suffers from the "Battered Wife Syndrome"), we, too, INSANELY HOLD ONTO AND BELIEVE TO OUR OWN DETRIMENT THAT AMERICA WILL CHANGE, EVEN AS THE EVIDENCE HAS LONG AGO BEEN IN THAT FOR US TO GO ON "KEEPING HOPE ALIVE," IS STRATEGIO-POLITICAL SUICIDE!

Evenso, House Negroes, in the past and today, kick and scream like profoundly dependent children begging for massa to let us in on their COLOR-CARNAGE FETES. Instead of doing the intelligent and wise, actually, natural, thing, which is to "run like hell" from the "FIRE," that is White Supremacist America, crying spooktified koons, in total lunacy and pathetic desperation, ran and run US towards the RAGING FLAMES, which, until this time, CONSUME OUR FUTURE. Our "disintegration" = bodies set ablaze by the wildfires or Negroe collaboration. These intense fires of treachery and incompetency, must be put out! To be quite clear, "Buffal Soldiers," "Red Tails," etc. are, in fact, thorough conformists. Uncritical and non-tactical surrender to the exploitative and oppressive DICTATES (I.E., DICTATORSHIP OF THE U.S.) of our enemies is a patent expression of BETRAYAL, since it effectively kills a people's will to resist and operates to enlist that same people in a contract rooted in their own subjugation and passivity.

Harlem Hell-Fighters, Red Tails, Tuskegee Airmen, Buffalo Soldiers, etc. represent the epitome of extreme compliance. The fact is, once the depths of their eurocentric misorientations are examined, what you'll discover are "Black Skin, White Masks," as

Franz Fanon psycho-analytically uncovered.

"These Black, Black, Black men (if you can swallow their shit) have had time to study, some have traveled, they 'KNOW' that it was capitalist agricultural economics that first caused our pain, and that the only change since then is the decline of the agricultural elite and the rise of the bourgeoisie. A sweta-shop displaced the plantation. Could it have escaped their notice that all the African states that really liberated themselves booted out the foreign businessmen and are now socialist states? No, I think the strongest suggestion is that they are working for the government, the NEW HOUSE-NIGGERS. And what better way is there for them to SELL THEMSELVES to US than to SCREAM BLACK, BLACK, BLACK, BLACK"

-Jonathan Jackson
(San Francisco Bay View, Aug.2013, Page 6)

"The Wizard's creed was an old one of SUBMISSION combined with an almost RELIGIOUS MATERIALISM. It was one, Du Bois WARNED, that 'PRACTICALLY ACCEPTS THE ALLEGED INFERIORITY OF THE NEGRO RACE' as part of a BARGAIN OF TIMID, CIRCUMSCRIBED ADVANCEMENT. And its triumph was extraordinary: 'In the history of nearly all other races and peoples the doctrine preached has been that MANLY RESPECTS IS WORTH MORE THEN LAND AND HOUSES ... , that a people who surrender voluntarily such respect, or cease striving for it, are not worth civilizing.' Washington would have his people renounce three means of empowerment: POLITICAL POWER, CIVIL RIGHTS, and HIGHER EDUCATION. ..."

(W.E.B. DuBois, Biography of a Race, pp. 287-288)

We have an extraordinary history of audacious and enormously creative resistance to enslavement-colonialization, oppression, white and Arab-Islamic forms of "supremacy," etc. As such, as dignified people we're ever obliged to embrace those of the African World and those traditions of valiant resistance against those whom would have us forever subordinated to their exploitative and conquering wills. In other words, as we have a rich history in which to draw upon, it is there that our search for men and women of character, strength, vision, probity and truth must begin for EXAMPLES, before we succumb to the programs and agendas of "Rome," i.e., our struggle is ever against any ethos and worldview which would have us repudiate OUR WAY as a basis for subjugation towards the promotion and pursuit of an Empire's destructive interests.

I mean, while the Buffalo Soldiers were off bleeding, dying and killing for the "Yankee" regime -- e.g., protecting the rail-roads against native Americans whom rightly attacked those tracks on THEIR HOMELANDS and generally enaged in other MISSIONS designed to secure and advance the interests of the wealthy Ranchers, industrialist-

and financial white supremacist ruling class across the "New Nation," subsequent the Civil War -- there were, in fact, African people whom joined Native folks in a confederacy to fight against their common racist-colonial and genocidal oppressors: THE VERY INDUSTRIAL-MERCHANT AND FINANCIAL RULING CLASS WHICH NOW INCORPORATES THE "FORMER" PLANTATION CLASS, IN WHICH THE BUFFALO SOLDIERS WERE SWORN TO SERVE AND PROTECT AS REGARDS THEIR SUPER-EXPLOITATIVE OPERATIONS IN WHICH TODAY, THE LIKES OF GENERAL LLOYD AUSTIN AND OTHER "HOUSE-NIGGERS" PROUDLY DO.

It is those of our "Maroon" brothers and sisters, with all of their inevitable contradictions, as well as even teens-children whom WE must admire and uphold by principally honoring their warrior abilities, sense of self-determination and fearlessness towards battling against injustice.

"... The means by which groups select their CHAMPIONS was one of the 'nicest problems of social growth,' Professor DuBois disclosed. For 'beleaguered' or 'imprisoned groups' the structure of survival could take three main forms -- REVOLT and REVENGE, ACCOMMODATION to the major groups or SELF-DEVELOPMENT. Washington's was simply one of the possible paradigms. Toussaint 'L Overture, Richard Allen, Nat Turner, Blanche Bruce and Frederick Douglass represented other leadership models. ..."

(Ibid., p.264)

Just as W.E.B. DuBois recognized the politico-strategic imperative to OPPOSE the accommodationist and deeply submissive ideology and programs of Booker T. Washington, the "Wizard," "to the war of the knife and knife to the hilt," today we must recognize our duty to do the same with regards those "Wizards" of the compromising and capitulating -- i.e., COMPLICIT -- so-called "Transcendent" Blacks whom are agents of White Supremacy and capitalism-Imperialism, i.e., neo-colonialism and oligarchical FASCISM. Yes, there is an intelligent and important reason for which DuBois decided to depart the "NAACP" as well as to RENOUNCE HIS AMERICAN CITIZENSHIP and DIE IN AFRICA.

"... there were two major opportunities to generate progressive global-pressure through Mandela's prestige. One was in 2003, when Washington went to war in Iraq because, as Mandela put it, 'All Bush wants is Iraqi oil.' In February of that year, Mandela said, 'Bush, who cannot think properly, is now wanting to plunge the world into a holocaust. If there is a country which has committed unspeakable atrocities, it is the United States of America. ... They don't care for human beings.' One year later, however, Mandela retracted this statement. When the Iraq War began in March 2003, South African activists protested strongly against both George W. Bush and the state's Denel Corporation, which was selling arms to the Bush/Blair regimes for use in Iraq. ..."

-Patrick Bond
(Ibid., p.194)

23. "These agents had paid sufficient tributes to Mandela that his wife Winnie claimed he had a \$10 MILLION DOLLAR ASSET BASE ACCUMULATED FROM 1990-96."

(Ibid., p.)

What did our brother-komrad, the dynamic spirit Bob marley, say: "BUFFALO SOLDIERS, FIGHTING FOR AMERICA," and I'd add that of Britain, France, Canada and other white supremacist-imperialist Empires. Was not, Bob marley's perplexed cry rooted in an important and instructive ideological and philosophical question for US to ponder in terms of the quite serious political and strategic implications involved as to matters of national liberation and socialist revolution?

Was he not posing sharply the question of: WHERE and WITH WHOM DO WE STAND as African people under the foot of oppression and the capitalist-imperialist, and indeed, neo-colonialist Africans in America whom would shamefully give life and blood, as well as take the life and blood of mainly other people subjected to the Western World's genocidal butchery in domination. He was asking, even as his dynamic spirit still calls to US from his sacred abode, what has happened, that we'd allow ourselves to be the USED, MISUSED and ABUSED AGENTS to class and national enemies in opposition to the struggles of the super-exploited Third World?

To this time, Buffalo Soldiers, Tuskegee Airmen, Red Tails and Harlem Hell-Fighters remain inordinately and insanelly driven to aid white supremacist of the American ruling class in their paramount objective: "to save the Union," i.e., to ensure the United States' dominance is sustained since the disintegration of the American Empire is not just something that they cannot hardly fathom, but more tellingly, it is something that they'll ardently oppose, that includes those of a democratic-socialist outlook as well.

"Of the 3,000 emails released from Hillary Clinton's private server in late December 2015, about a third were from her close confidante Sidney Blumenthal, the attorney who defended her husband in the Monica Lewinsky case. One of these emails, dated April 2, 2011, reads in part: 'Qaddafi's government holds 143 tons of GOLD, and a similar amount in silver ... This gold was accumulated prior to the current rebellion and was intended to be used to establish a Pan-African currency based on the Libyan golden dinar. This plan was DESIGNED TO PROVIDE THE FRANCOPHONE AFRICAN COUNTRIES WITH AN ALTERNATIVE TO THE FRENCH FRANC(CFA).' In a 'source comment,' the original declassified emails adds: 'According to knowledgeable individuals, this quantity of gold and silver is valued at more than a BILLION. French Intelligence Officers discovered this plan shortly after the current rebellion began,

and THIS WAS ONE OF THE FACTORS THAT INFLUENCED NICOLAS SARKOZY'S DECISION TO COMMIT FRANCE TO THE ATTACK ON LIBYA. According to these individuals, Sarkozy's plans are driven by the following issues: '1 a desire to gain a greater share of Libya's oil production, '2 increase French influence in North Africa, '3 improve his internal political situation in France, '4 provide the French military with an opportunity to reassert its position in the world, '5 address the concern of his advisors over Qaddafi's long term plans to supplant France as the dominant power in Francophone Africa.' Conspicuously absent is any mention of HUMANITARIAN CONCERNS. The OBJECTIVE WAS MONEY, POWER, and OIL. ..."

-Ellen Brown
(Clinton vs. Libya, may 2016, p. 19, San Francisco Bay View)

When I read this, though I assume that those in the White male ruling classes are ever lying, since I realize just how deeply deceptive and underhanded OUR ENEMIES truly are, nevertheless, I still literally SHED TEARS OF PAIN and ANGER. You see, unlike most New Afrikans or Black Americans and Africans whom naively bought into "Obama's drama" -- i.e., the historic event regarding the "first Black President" -- I'm far from a man whose a prisoner to deadly illusions since for me, REALITY is quite serious and indeed a complex matter. As such, to settle for the surface motives provided us via the rulers and their well-trained mouth-pieces (e.g., media, politicians, pundits, military analysts, etc.) is to fall prey to predatory manipulators like Obama & Company.

Now, if the aforementioned isn't sufficient proof towards exposing the true designs and motivations of folks like Obama and Susan Rice, then, clearly you're not hardly interested in the reality of our situation and indeed of the plight of Africans throughout the world. What was done to Omar Qaddafi and Saddam Hussien, as a means to destroy their geo-strategic and politico-economic programs and plans which there regimes, along with other forces in Africa, were endeavoring to establish towards the enormous benefit of Africa, as far as qualitative developmental undertakings, must be deemed as a "slap in the face." Remember, this move by the "West" served to plainly undercut those positively transformative projects aimed at creating the prerequisite conditions for African nations to become relatively SELF-RELIANT, in terms of detaching themselves from predatorial Western institutions such as that of the IMF, World Bank, WTO, Wall Street, etc.

Their propaganda, of course, is ever wrapped in the "humanitarian garb" and aims projected as if "their only interested" in helping others. In truth, it is ever rooted in and driven by helping themselves to other peoples NATURAL RESOURCES and RAW MATERIALS as well as ensuring that their own super-exploitative programs of dominance aren't uprooted or effectively challenged, i.e., those African nations which are genuinely embarked on a path of independence, such as, for example, Mali, Burkino Faso, etc., are

perceived and hence treated as geo-strategic and political THREATS towards the New World Order, in which Western Imperialist nations, to obviously include Canada, Japan and the United States, established to their certain advantage.

This is precisely what folks like Obama, Colin Powell, Condoleezza Rice, Susan Rice, etc. represent on behalf of the white male power structure. Also, this is the real reason that Empire's like the United States engage in thoroughly antagonistic policies and practices towards countries like Cuba, North Korea, China, Zimbabwe, Mali, Burkino Faso, Iran, Syria, Venez , etc., etc. In their deep mendacity they profess a concern for the "innocent citizens" of these nations whom they "only desire to enjoy the democratic freedoms" in which they're supposedly motivated by, as in "Allende's" Presidency, right? Yet, when this was being written, August 21, 2017, the Trump fascistic-racist Administration was gearing up to obliterate North Korea via nuclear and other quite lethal weaponry simply due to their dignified refusal to become compliant and complicit subservient pawns in their program of global domination.

Evenso, there are Black people and others of color -- neo-colonized nations and/or client regimes as in the case of the regime of Uganda, Rwanda, etc. -- whom are so damn brain-dead, that they wonder WHY Islamic zealots are blowing themselves up and mowing down innocent civilians -- IN WHITE NATIONS. Yes, Pan-Radical Africanism is an actual THREAT with regards to their monopolistic geared designs and practices since naturally such a program and approach operates to substantially impede and thus undermine their accumulation of capital-profits which are only feasible via Africans or Africa being enslaved = deeply dependent upon and extremely dictated by Western nations. It is truly THIS diabolical program that devious "Black Skin, White Masks" are actually pursuing and practicing. No, they're not doing so because somehow "they have no other choice," as some deeply naive folks convince themselves into believing is the case for FEAR of SACRIFICE and STRUGGLE.

This unintelligent assumption is patently UNTRUE and only serves to prevent our people from arriving at the logical conclusion that folks like "Obama is drama," Colin Powell, Herman Caine, Susan Rice, Eric Holder, Ben Carson, etc., have long ago surrendered their blind-loyalty towards the white power structure = Western World's imperialist God-Fathers. On this fundamental point, it is hardly "them" whom are confused since, in truth, it is those of our world whom stubbornly hang onto the MYTHS of the Obama and Nelson Mandela types who are DROWNING IN CONFUSION due to emotional and psychological identification towards those whom Tupac Shakur instructed US: "THEY DON'T GIVE A FUCK ABOUT US!"

Yes, they're WILLFULLY ABSORBED and SUBMERGED in a White Supremeacist matrix rooted in deadly intrigues ever against our world's interests.

"Many people who have become involved with the U.S.A. politics adopted the idea of 'CHANGING THE SYSTEM FROM ~~WITH~~INSIDE.' That idea would be based on a FALSE PREMISE that the SYSTEM is capable of changing and or that the system is willing to change, niether of which would seem to be the case, as the CONSTITUTION is set up to PRODUCE a CERTAIN KIND of SOCIAL ORDER and ECONOMIC STRUCTURE for the GOVERNMENT, which is one of the important CAUSES for the possibility of INJUSTICES to exist with IMPUNITY."
